## Proposal Title

Effective Catalog Term      Fall 2024

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberals Art and Sciences, include the Graduate College for Grad Programs)

Eliminate the Concentration in Printmaking in the Master of Fine Arts in Art & Design in the College of Fine and Applied Arts and the Graduate College

Does this proposal have any related proposals that will also be revised during the next 6 weeks? Consider Majors, Minors, Concentrations & Joint Programs in your department. Please know that this information is used administratively to move related proposals through workflow efficiently. Example: If you are revising the BS proposal and one related concentration within the next 6 weeks, "This BS proposal (key 567) is related to the Concentration A proposal (key 145)."

This MFA Printmaking concentration proposal (key 923) is related to the MFA in Art & design (key 31), MFA Painting concentration proposal (key 921), MFA Photography concentration (key 922), and MFA Sculpture concentration (key 924), and the MFA Art & Design Studio Art concentration proposal (key 1244).

## Program Justification

Provide a brief description of what changes are being made to the program.

This proposal seeks to eliminate the Printmaking concentration of the MFA in Art & Design in the School of Art & Design

Why are these changes necessary?

The Printmaking concentration is now submitted for elimination after a hiatus in admissions for past 15 years.

The plan to deactivate the Printmaking concentration is a necessary step in aligning the rubric of our MFA in Art & Design with curriculum and objectives. While the MFA program currently contains four concentrations in the field of Studio Art (Painting, Photography, Printmaking, Sculpture), their curriculum and learning outcomes are identical. Our MFA Program has long served students seeking graduate-level education in the visual arts, rather than those seeking immersion in a program defined by a single, medium-specific curriculum. Students work with faculty who specialize in all mediums. Following the eliminations of MFA concentrations in Crafts and Metals, the ongoing NASAD reaccreditation process found that there was not discipline-specific focus or time on task to support the concentrations/specialization in the various areas of focus. That students are admitted into the concentration in Printmaking has long been a designation in name only. A newly proposed concentration of Studio Art (key 1244) more accurately reflects our curriculum and learning outcomes that serve a range of mediums and methods in the visual arts as a field. This newly proposed concentration will replace the 4 current concentrations in Painting, Printmaking, Photography, and Sculpture.

The MFA in Art & Design, concentrations in Industrial Design and Design for Responsible Innovation remain unchanged and unimpacted.

Printmaking concentration:

-Degrees awarded-1 SU 2004; 2 spring 2002; 1 Spring 2001; 1 summer 1999.

-There have not been any student enrollments since 2004.

## Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

No

# Program Regulation and Assessment

## Plan to Assess and Improve Student Learning

*Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.*

List the program's student learning outcomes. Each outcome should identify what students are expected to know and/or be able to do upon completing this program.

n/a

Describe how, when, and where these learning outcomes will be assessed.

Describe here:

Identify faculty expectations for students' achievement of each of the stated student learning outcomes. What score, rating, or level of expertise will signify that students have met each outcome? Provide rating rubrics as necessary.

Explain the process that will be implemented to ensure that assessment results are used to improve student learning.
