Part A - Meetings

As amended through September 19, 2016

1. The Chancellor or the Chancellor’s designee shall preside at Senate meetings.

2. Regular meetings of the Senate shall be held at least six times during the academic year. Dates and times of such meetings for the next year shall be proposed by the Senate Executive Committee and approved by the Senate at the last regular meeting of the academic year.

3. An agenda for each regular Senate meeting, extensive enough to be descriptive of the subject matter of each item included, shall be prepared by the Senate Executive Committee and sent to all senators at least five days prior to that meeting. The Clerk of the Senate will release the agenda to the appropriate news media on the same day it is distributed to the Senate. Items of business submitted to the Senate Executive Committee by any senator or Senate committee shall be placed on the agenda, provided that such items are submitted in writing prior to preparation and distribution of the agenda. Matters not included in the agenda may not be presented to the Senate without concurrence of a majority of the members present and voting. Such matters may not be acted upon at the meeting in which they are introduced, according to the requirements of the Open Meetings Act.

4. The minutes of Senate meetings shall be recorded by the Senate Clerk and, as approved or amended by the Senate, shall be the official and permanent record of Senate action and debate. Copies of the minutes shall be distributed to all members of the Senate within a reasonable time after each Senate meeting.

5. a. One organizational meeting shall be held after the general election of senators and before the last day of classes. All newly elected senators, those senators whose terms extend through the next year, and ex officio senators shall be eligible to participate.

b. Prior to this organizational meeting, nominations shall be made for the Chair and Vice-Chair of the Senate Executive Committee and for members of the Committee on Committees.

c. The nomination and election of the Committee on Committees shall be as stated in Part D 6 (c) of these Bylaws.

d. 1. Nominations for Executive Committee officers shall be made by the incumbent Committee on Committees. Nominations may also be made by others and must be accompanied by consent to serve from the person nominated. Nominations must be received in the Senate Office prior to the date set by the Senate Executive Committee. The nominations will clearly distinguish between Chair and Vice-Chair. The nominator shall provide a brief biographical sketch of each nominee.

2. The final elections shall be by ballot. The ballots shall be marked clearly to distinguish between the election for Chair and the election for Vice-Chair of Senate Executive Committee. Each voter may cast one vote for each position. The biographical sketches shall be included with the ballot.
3. The nominee receiving the highest number of votes for each position shall be declared elected.

e. As soon as the names of the nominees for a new Senate are known, the incumbent Committee on Committees will commence its work of nominating, as needed for the coming year, chairs and members of the other standing and ad hoc committees of the Senate and the Senate representatives to various other bodies. The Committee’s nominations shall be reported at the organizational meeting of the new Senate. After nominations from the floor, the Senate shall hold the elections. At the election meeting, the Senate shall elect three faculty members of the Senate Executive Committee from among the faculty members who chair the standing and ad hoc committees of the Senate. The student members of the Senate shall elect the student members of the Senate Executive Committee before the organizational meeting.

f. Certification of election results will be completed by the Senate Clerk entering those results in the minutes of the meeting.

g. The organizational meeting shall be supervised by the Senate Executive Committee, and the Chancellor or the Chancellor’s designee shall preside.

6. The Senate shall call an annual meeting of the faculty of the campus to hear reports from and to question the Senate Executive Committee and the administration.

7. The Senate Executive Committee shall be empowered to call special meetings of the Senate. At least five days prior to the proposed special meeting, notice of the date, time, place, and purpose of such a meeting shall be sent to all senators.

8. If an emergency exists on the campus requiring the convening of the Senate within a period of time less than the five days necessary for the notice provided above, the Chancellor or the Chair of the Senate Executive Committee may declare that such an emergency exists and convene the Senate as soon as may be practicable. The convening officer shall employ all practical means to notify all senators of the date, time, place, and purpose of such emergency meeting.

9. Meetings of the Senate shall ordinarily be open to the public. Accredited representatives of the news media may observe Senate meetings, and facilities shall be provided for the public at large to listen to and, if physically feasible, to observe Senate proceedings.

b. The Senate reserves the right to close its sessions in those cases in which public disclosure would substantially and adversely affect the matters being considered. A specific exemption of the Open Meetings Act [5 ILCS 120/2(c)] permitting the closure of the meeting must be cited before closing a session.

c. This policy that Senate meetings are open to the public, and any implementing procedures, shall apply to the Senate when meeting as a body, and also to Senate committees and other constituent bodies.
d. The text of the Open Meetings Act (5 ILCS 120/), including Section 2(c) setting out the permissible reasons for closing a meeting, maybe found at the following URL: http://www.ilga.gov/legislation/ilcs/ilcs3.asp?ActID=84&ChapterID=2

10. An administrative officer not a member of the Senate, expecting Senate debate on a matter of direct concern in the officer's official capacity, may request of the Senate the privilege of the floor at the time of that debate.

11. A student who is an officer of a registered student organization and who is not a member of the Senate, expecting Senate debate on a matter of direct concern in the officer's official capacity, may request of the Senate the privilege of the floor at the time of that debate.

12.

a. Attendance is expected of all Senators at all regularly scheduled Senate meetings, and of all committee members at regularly scheduled meetings of the Senate's committees.

b. A Senator who is required to miss a regularly scheduled Senate meeting should notify the Senate Clerk prior to the meeting. A committee member who is required to miss a regularly scheduled meeting of a Senate committee should notify the committee chair prior to the meeting.

c. If a Senator misses two consecutive regularly scheduled Senate meetings during an academic year and has failed to notify the Senate Clerk prior to such absences as described in subsection (b), the Clerk shall notify the Senator in writing that because of irregular attendance, the Senator is presumed to have resigned from the Senate, effective as of the date of the letter.

d. If a student is removed from the senate of the Illinois student government, the senate of the Illinois student government will notify the Clerk of the UIUC Senate. The Clerk shall notify the Senator in writing that, because of action of the senate of the Illinois student government, the Senator is presumed to have resigned from the UIUC Senate, effective as of the date of the letter.

e. Upon receipt of a letter described in subsection (c) or (d), the Senator may, within fourteen calendar days after the date of the letter, notify the Senate Clerk in writing of his or her desire to continue serving as a Senator. Upon receipt of such a letter, the Clerk shall reinstate the Senator. If the Senator fails to respond to a letter described in subsection (c) or (d) within fourteen calendar days after the date of the letter, the resignation becomes final.

f. No Senator may be reinstated more than once in any one Senate term under the procedures outlined in subsections (c), (d), and (e) above.

g. If a Senator's resignation becomes final under subsection (e) or (f), the Senate Clerk shall notify the Senator's unit of that fact so that a replacement can be selected to serve the remainder of the resigned Senator's term.

h. If a committee member misses two consecutive regularly scheduled meetings of a committee of the Senate and has failed to notify the committee chair prior to such absences as described in subsection (b), the committee chair may notify the Senate Clerk of that fact. The Senate Clerk shall then notify the committee member in writing that
because of irregular attendance, the committee member is presumed to have resigned from that committee, effective as of the date of the letter. Upon receipt of this letter, a committee member may be reinstated using the same procedures and subject to the same limitations described in subsections (e) and (f) above. If a committee member's resignation becomes final under these procedures, the Senate Clerk shall notify the chair of the Committee on Committees so that a replacement can be selected to serve the remainder of the resigned committee member's term.

i. At the end of each semester, the Senate Clerk shall cause the attendance records for that semester of all Senators at regularly scheduled Senate meetings to be published in any medium or publication chosen by the Senate Clerk.

The Committee on Committees shall make nominations for Chair and Vice-Chair of the Senate Executive Committee and for members and chairs of standing and ad hoc committees, except for members of the Committee on Committees itself. Nominees for faculty and student positions need not necessarily be senators except where otherwise expressly provided herein, but must be members of the faculty or student electorate of the Urbana-Champaign campus or of the College of Medicine at Urbana-Champaign. Nominees for academic professional positions must be members of the academic professional electorate of the Urbana-Champaign campus or of the College of Medicine at Urbana-Champaign. The academic professional must be eligible to serve in the Senate, as defined in the Constitution, Article III, Section 1. A list of those nominated by the Committee on Committees shall be communicated to all senators in accordance with the due notice provision of the Constitution prior to each election for committee membership or chair. Additional nominations may be made from the floor. Whether from the Committee on Committees or from the floor, each nomination shall have the consent of the nominee. After nominations have closed, the Senate shall elect from the nominees those who are to serve. Ties will be broken by drawing lots.

6. Unless otherwise provided herein or by the Senate at the time of election, faculty and academic professional members of standing committees shall be elected for terms of two years, about half being elected each year, and student and other members shall be elected for terms of one year. Terms of Executive Committee and other committee members shall begin on the first day of the academic year following election. 7. A senator whose senatorial term expires before the committee term shall continue as a committee member. If, after election to a committee, a member of the faculty electorate or student electorate at the time of election ceases to be a member of that electorate, then that person shall cease to be a member of the committee. When a vacancy occurs, nomination and election of a replacement shall be in order and shall accord with relevant provisions of these Bylaws.
b. A member of the Senate who resigns from an elected term will be presumed to have resigned also from all standing committees to which the member had been elected, unless the letter of resignation states the member's intention to continue as a member of one or more such committees.

8.

a. A committee may be dissolved or discharged from further duties by majority vote of the senators present and voting at a Senate meeting, provided that due notice of such proposed action has been given to the Senate.

b. Senate committees may serve as advisory bodies to the University Board of Trustees and to administrative officials. In such cases, the views of the committees shall be considered as the views of administrative advisory committees and not as the views of the Senate, and any reports made by the committees shall not be considered to be or identified as reports of the Senate unless they have been approved by the Senate.

10. Each standing and ad hoc committee shall submit a written report of its activities and unfinished business to the Senate at the last regular meeting of the year, and a supplementary written report shall be submitted at the first regular meeting of the next year if, in the judgment of the committee chair, activity during the summer warrants such a supplementary report.

The Board's charge is to oversee the campus general education program in accordance with requirements adopted by the Senate, and to ensure, as much as possible, that general education courses will be valuable intellectual experiences.

a. Duties

The duties enumerated in this subsection shall be carried out by the General Education Board prior to implementation of the general education program, and thereafter shall be carried out on a continuing basis.

1. The Board shall refine the definitions of the several categories of general education requirements so that courses may be clearly identified as to the category or categories into which they fall. The categories shall be defined so that, in principle: (a) any academic department on campus will be able to offer coursework in at least one category; (b) an academic department can offer coursework in multiple categories; and (c) no single academic department is the exclusive provider of coursework in any category. These refined definitions are subject to approval of the Senate and the Provost.

2. The Board shall develop minimal aims and criteria for approval of courses in each category. These aims and criteria are subject to approval of the Senate and the Provost.

3. The Board shall solicit from all academic departments proposals for courses to be approved as satisfying general education requirements in particular categories. The Board shall review such proposals and approve those that meet the established criteria. The Board shall solicit revisions and new course developments where the need exists.

4. The Board shall work with the deans, the Provost, and the Chancellor to estimate the costs of the campus program of general education and the availability of resources required to implement the program. Only when the Chancellor and the Provost, in consultation with the deans and the Senate Committee on the Budget, are satisfied that adequate resources can be made available will the Board develop and announce an implementation schedule for the general education program. During the period prior to full implementation of the program, the Board will report regularly to the Senate on the progress toward implementation.

5. The Board shall identify and address the needs of groups of students who are at risk of being adversely affected by the general education program requirements, so as to help such students meet the requirements effectively. The Board shall regularly consult representatives of such student populations for guidance.

6. The Board shall periodically review courses approved as meeting general education requirements. Upon review, courses which no longer seem to the Board to meet the intent of the general education program shall be revised in accord with the criteria in their categories or shall be removed from the list of courses approved as meeting general education requirements.

   b. Eleven members shall be apportioned among the colleges which provide a significant percentage of general education courses. The allocation of this group will depend on the number of departments in the colleges which offer substantial amounts of instruction to students not majoring in those departments. These eleven representatives will be apportioned as follows: two for Business, two for Engineering, and seven for Liberal Arts and Sciences. This allocation is subject to revision by the Senate as enrollment trends change and as additional colleges assume responsibility for general education courses.
   c. The dean of each college will decide, with the advice and consent of the college Executive Committee, on the manner of selection of representatives of that college to the Board so as to assure proper representation of disciplines which contribute heavily to general education. Each college may choose either for its faculty to elect its representatives, or for them to be appointed by the dean. Should a college choose for its representatives to be appointed by the dean rather than elected, the dean's selection shall be reviewed by the college Executive Committee.
   d. The Provost may appoint an additional faculty member to the Board.

2. The undergraduate student members shall be selected by the Provost from nominations provided by the Committee on Committees. The three students must be from three different colleges.

2. Faculty Advisory Council to the Board of Higher Education. The campus has one faculty member of the Council who (a) is elected by the Senate for a four-year term starting July 1, (b) shall report to the Senate at least once each academic year, and (c) shall be a member of the Senate Executive Committee ex officio with vote. The Chair of the Senate Executive Committee shall designate an alternate to the Council when necessary.

3. Military Education Council. The Military Education Council is a campus body charged with reviewing staff appointments in military departments; reviewing and supervising the military education curricula; administering related budget, space, interdepartmental liaison and contract negotiations; and ensuring academic freedom within military departments. The Council is composed of a chair and one non-voting member appointed by the Chancellor; six civilian faculty members elected by the Senate; one undergraduate and one graduate or professional student, both elected by the Senate; the three military department heads ex officio with vote; and one student appointed by the Armed Forces Council. Terms of elected faculty and student members start August 16. The six civilian faculty members are elected for two-year terms, three of them being elected each year. Three of them must be senators, and three need not be. The student members chosen by the Senate are elected for one-year terms and need not be senators.

4. Research Policy Committee. This committee advises the Chancellor, the Vice Chancellor for Research (VCR), and the Senate on matters of research policy. The Committee should have no fewer than ten members and no more than fifteen members, and the VCR appoints all members of the committee, typically for two year terms. The Committee has a faculty chair selected in consultation with the Senate Executive Committee. At least eight members of the Committee shall be faculty chosen from nominations provided by the Senate Committee on Committees, submitted to the full Senate for approval and subsequent transmittal of the nominees to the VCR. The other members shall be appointed by the VCR and may include students and academic professionals. The Chair of the Research Policy Committee will provide a written report to the Senate on the activities of this committee at least annually and will provide additional reports to the Senate and the Senate Executive Committee as requested.

5. The composition of a committee selected by the Senate to advise the President on the occasion of the appointment of a new chancellor shall be determined by the Senate. The Committee will include faculty and student members elected in accordance with Article VI, Section 11 of the Senate Constitution. Any representatives of other University of Illinois at Urbana-Champaign constituencies shall be nominated in consultation with representative bodies of those constituencies and shall be elected by the full Senate.
Part G - General Provisions

As amended through March 26, 2007

1. A petition by members of the faculty electorate requiring the Senate to present a question to and obtain an expression of opinion from the faculty electorate under Article V, Section 1 of the Constitution, shall contain the signatures of at least 200 members of the faculty electorate. A petition with fewer signatures may be presented to the Senate, but it shall be within the Senate's discretion whether to present the question to the faculty electorate. In either case the Senate may call a general meeting of the faculty electorate to discuss the question prior to conducting the mail poll. The petition, including the petitioner’s signatures, will become a public document upon its presentation to the Senate.

2. All senators, and such other persons as the Senate Executive Committee may designate, shall receive copies of the agenda, minutes, and reports of the Senate.

3. Each faculty voting unit shall receive a reasonable number of copies of the agenda, minutes, and reports of the Senate.

4. Any interested person may have access to the agenda, minutes, and reports of the Senate at the Office of the Clerk of the Senate. A reasonable number of copies shall be available for distribution.

Individual faculty or students, a group of faculty and/or students, or an academic department intending to appeal an administrative interpretation of the University Statutes to the Chancellor or to the President and believing the issue to be a concern for a wide segment of the faculty and/or students, may ask the Senate Executive Committee to review the issue and determine whether it represents a broadly shared concern. This request shall be filed with the Chair of the Senate Executive Committee prior to the appeal to the Chancellor or to the President. If the Senate Executive Committee determines the issue is of broad concern, it will so inform the individual or group submitting the request, and offer to submit a statement certifying that decision along with any supporting statements from the Senate Executive Committee. The individual or group originating the appeal of the interpretation of the Statutes may elect to accept the Senate Executive Committee’s certification and jointly file the appeal with the Senate Executive Committee or may elect to proceed alone on appeal. In no case is this procedure intended to limit the right of an individual or group to appeal directly to the Chancellor, the President, or the Board of Trustees, nor is it intended to be used in any argument for or against the merits of the appeal beyond the assessment of its potential for broad concern of the constituents of the Senate.
