Proposal to the Senate Educational Policy Committee

PROPOSAL TITLE: Master of Music Education Program of Study Revision

SPONSOR: Janet R. Barrett, Professor of Music Education, 262-244-6310, janetbar@illinois.edu

COLLEGE CONTACT: Linda Murphy Robbenolt, Associate Dean, College of Fine and Applied Arts, (217) 333-6061, weasel@illinois.edu

BRIEF DESCRIPTION:

The Music Education faculty seeks to revise the requirements for the Master of Music Education degree.

1. Change Music Education Electives from 6 credits to 6-8 credits.
2. Reduce credit requirements in Educational Psychology, Educational Policy Studies or Curriculum & Instruction
3. Change number of Capstone Options from three to two:
   a. Eliminate comprehensive Examination (0 credits)
   b. Eliminate MUS 530, Research Project (4 credits)
   c. Include MUS 569: change title from ‘Music Education Thesis’ to ‘Capstone Project Synthesis’.

JUSTIFICATION:

MME students will still be able to elect a thesis option to be completed under the supervision of faculty members under this revision.

Most MME students are also music teachers in elementary and secondary schools (especially in the case of teachers enrolled in our summer MME program). The revised capstone option focuses integration and dissemination of curriculum and inquiry projects proposed by students during their coursework, implemented in their school and community settings, and completed under faculty supervision in the Project Synthesis Course.

The revised capstone requirement is intended to promote the graduate student’s synthesis and integration of ideas, concepts, theories, strategies, and innovative directions encountered during graduate study and apply it to their unique teaching situations. This revised requirement also conforms to current teacher evaluation policies in school districts that require teachers to document student learning and analyze the results to reflect student growth. See, for example, the Illinois Performance Evaluation Reform Act (PERA), http://www.isbe.net/PERA/default.htm
BUDGETARY AND STAFF IMPLICATIONS: (Please respond to each of the following questions.)

a. Additional staff and dollars needed: **None.** See attached letter.
b. Internal reallocations: **None.** No changes in numbers of faculty, class size, or student-faculty ratios are implicated. Teaching loads will be accommodated through strategic course rotation.
c. Effect on course enrollment in other units and explanations of discussion with representative of those departments: **No effect.** There will be no impact on course enrollment in other units.
d. Impact on the University Library: **No impact.** Letter attached.
e. Impact on computer use, laboratory use, equipment, etc.: **No change.** We anticipate no impact on computer use or other resources.

DESIRED EFFECTIVE DATE: Summer session 2016

STATEMENT FOR PROGRAMS OF STUDY CATALOG: See Appendix A for current and proposed curriculum.

Master of Music Education

The Master of Music Education degree program is designed to meet the needs and interests of individuals who are already certified to teach music and who seek to continue their careers as public school music educators or music administrators. It is also possible to structure a program that will enable individuals interested in seeking careers in education-related fields or as a step in preparation for eventual college teaching.

Although prior teaching experience is not a requirement for entrance into this degree program, graduate study will be more meaningful if teaching experience in the field has first been gained. Therefore, individuals considering pursuit of the MME are urged to plan to teach one to three years prior to initial enrollment or before completing the degree. Students interested in gaining certification to teach music as part of the MME should refer to the MME+Certification Program for information about the MME+Certification Program.

Kathy Martensen
Office of the Provost
207 Swanlund MC-304

Dear Kathy,

Enclosed please find the proposal from the College of Fine and Applied Arts and the Graduate College to Revise the Master of Music Education.

The proposal was received by the Graduate College on October 20, 2015. It was forwarded to the Graduate College Program Subcommittee for review on October 21, 2015. The committee requested a supporting statement from the College of Education as well as a few editorial revisions. The supporting documentation and revisions were received on November 20, 2015. The proposal was then forwarded for review at the December 7, 2015 Graduate College Executive Committee. The proposal was approved without revision.

I send the proposal to you now for further review.

Sincerely,

[Signature]

Wojtek Chodzko-Zajko
Dean
Graduate College
