

**UNIVERSITY OF ILLINOIS
URBANA-CHAMPAIGN SENATE**
Pre-filed Resolution

RS.19.06 Resolution in Support of Academic Affordability

WHEREAS, academic affordability is a goal of the University of Illinois at Urbana-Champaign, both at an Administration and Senate level; and,

WHEREAS, the average college student spends over \$1200 on classroom materials costs, such as textbooks, access codes, workbooks, printing, art supplies, field trips, and more¹; and

WHEREAS, other universities have initiated task forces on this issue, which affects students across the country²; and,

WHEREAS, a number of measures can be taken to address this issue without increasing costs for the various colleges and departments, while not compromising the quality of education provided; and,

WHEREAS, the University of Illinois at Urbana-Champaign, as a preeminent university, should be a recognized leader on this issue; therefore

BE IT RESOLVED, that the Senate of the University of Illinois at Urbana-Champaign encourages the University's constituent colleges and departments to implement all appropriate measures that would reduce the classroom material costs for students; and,

~~BE IT RESOLVED, that the Senate of the University of Illinois at Urbana-Champaign endorses the pre-printing on all default Instructor & Course Evaluation System (ICES) forms of question #428, entitled "Cost of Instructional Supplies was:"; and,~~

BE IT RESOLVED, that the Senate of the University of Illinois at Urbana-Champaign encourages the Provost to create a task force on the issue of rising classroom materials costs, focusing on developing, detailing, and implementing specific objectives such as

- Working with the University Bookstore to increase the buyback prices of textbooks, so that students receive a majority of the original cost as opposed to a small percentage
- Working with the various colleges and departments to encourage faculty to use textbooks for which the University already possesses an ebook license, which are made available for free to students
