Academic Level	Undergraduate			
CIP Code				

Program Description and Justification

Justification for proposal change:

Description: The minor in Architectural Studies allows non-architecture undergraduate students to gain an overview of the discipline of architecture through a series of required courses in various aspects of the discipline. Electives provide more in-depth study and allow students to tailor the minor to their interests. This is the only undergraduate minor offered by the School of Architecture.

Justification: This proposal is a modification to the existing Architectural Studies Minor. This modification is necessary to align the minor with the new Architectural Studies Undergraduate Curriculum.

Is This a Teacher Certification Program?

No

Will specialized accreditation be sought for this program?

No

Enrollment

Will the department limit enrollment to the minor?

No

Describe how the department will monitor the admission to/enrollment in the minor.

The School of Architecture Office of Undergraduate Academic Affairs will process admission to the Minor. Students may enter the Minor in Architectural Studies from freshman year until such time that allows the completion of the minor before graduating in their major area of study. Please contact La Tanya Cobb, Associate Director Student Services, 117C Temple Hoyne Buell Hall 217-333-9113 lcobb@illinois.edu

Are there any prerequisites for the proposed minor?

No

Describe how this revision will impact enrollment and degrees awarded.

no impact

Delivery Method

This program is available:

Face-to-Face

Other than certification via the students' degree audits, is there any additional planned mechanism to award/honor successful completion of

the minor?

No

Budget

Are there **No**
budgetary
implications for
this revision?

Will the program or revision require staffing (faculty, advisors, etc.)
beyond what is currently available?

No

Additional Budget
Information

Attach File(s)

Resource Implications

Facilities

Will the program require new or additional facilities or significant
improvements to already existing facilities?

No

Technology

Will the program need additional technology beyond what is currently
available for the unit?

No

Non-Technical Resources

Will the program require additional supplies, services or equipment (non-technical)?

No

Resources

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If
necessary please consult with the appropriate disciplinary specialist within the University Library.

no impact

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects impacted by the creation/revision of this program?

No

Financial Resources

How does the unit intend to financially support this proposal?

Will the unit need to seek campus or other external resources?

No

Attach letters of support

Program Regulation

Describe how the program is aligned with or meets licensure, certification, and/or entitlement requirements, if applicable.

Briefly describe the plan to assess and improve student learning, including the program's learning objectives; when, how, and where these learning objectives will be assessed; what metrics will be used to signify student's achievement of the stated learning objectives; and the process to ensure assessment results are used to improve student learning.

Is the career/profession for graduates of this program regulated by the State of Illinois?

No

Program of Study

"Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses" (source: <https://www.ibhe.org/assets/files/PrivateAdminRules2017.pdf>). For proposals for new bachelor's degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

An undergraduate minor should consist of at least 16 - and no more than 21 hours - of course work, with at least 6 hours of 300- or 400- level courses. Except clearly remedial offerings, prerequisite courses within the sponsoring unit count towards the total; prerequisite courses outside the sponsoring unit do not count toward this total. The unit sponsoring the minor and that unit's college may set educationally necessary prerequisites for eligibility for the minor within these constraints. Does this proposal meet these criteria?

Yes

All proposals must attach the new or revised version of the Academic Catalog program of study entry. Contact your college office if you have questions.

Revised programs [**Minor in Arch Studies revision proposal\[2\].pdf**](#)

Attach a side-by-side comparison with the existing program AND, if the revision references or adds "chose-from" lists of courses students can select from to fulfill requirements, a listing of these courses, including the course rubric, number, title, and number of credit hours.

overview of admissions & requirements: The School of Architecture Office of Undergraduate Academic Affairs will process admission to the Minor. Students may enter the Minor in Architectural Studies from freshman year until such time that allows the completion of the minor before graduating in their major area of study.

**admissions and advising contact: Please contact La Tanya Cobb, Associate Director Student Services, 117C Temple Hoyne Buell Hall 217-333-9113
lcobb@illinois.edu**

minor email: lcobb@illinois.edu

Students must declare their intentions and be admitted to the program to pursue the Minor in Architectural Studies.

The architecture minor requires the successful completion of a minimum of 20 hours of architecture courses. Students entering the program with advanced credit for required courses must take courses from the Additional Courses list to attain the total hours needed for completion of the minor. All students in the minor must have at least 6 hours of 300- or 400-level courses.

Prerequisites: Students must comply with the prerequisite requirements of courses to be taken under this program. Some of these requirements may be satisfied while in the program.

Advising: Advising of students in the minor will be conducted by the advisors in the Undergraduate Programs Office of the School of Architecture. Please contact La Tanya Cobb, Associate Director Student Services, 117C Temple Hoyne Buell Hall. 217-333- 9113

Certification of Successful Completion: The Associate Dean for Undergraduate Academic Affairs in the College of Fine and Applied Arts (FAA) will certify successful completion of the minor.

Key: 131

PROPOSAL TO THE SENATE COMMITTEE ON EDUCATIONAL POLICY TO ESTABLISH OR MODIFY AN UNDERGRADUATE MINOR

Title of the proposed minor: Revise the Minor in Architectural Studies, School of Architecture, College of Fine and Applied Arts.

Sponsoring unit(s): School of Architecture (Associate Professor John Stallmeyer, stallmyr@illinois.edu)

College Contact: Linda Robbennolt, Associate Dean, Academic Programs, College of Fine and Applied Arts. 217-333-6061, weasel@illinois.edu

Brief description of the program of study:

The minor in Architectural Studies allows non-architecture undergraduate students to gain an overview of the discipline of architecture through a series of required courses in various aspects of the discipline. Electives provide more in-depth study and allow students to tailor the minor to their interests. This is the only undergraduate minor offered by the School of Architecture.

Justification: This proposal is a modification to the existing Architectural Studies Minor. This modification is necessary to align the minor with the new Architectural Studies Undergraduate Curriculum.

Budgetary and Staff Implications:

- a. Additional staff and dollars needed: NONE
- b. Internal reallocations (e.g. change in class size, teaching loads, student-faculty ratio, etc.): NONE
- c. Effect on course enrollment in other departments and explanations of discussions with representatives of those departments: NONE
- d. Impact on library, computer use, laboratory use, equipment, etc: NONE

Requirements: The architecture minor requires the successful completion of a minimum of 19 hours of architecture courses.

REQUIRED COURSES:	Credit hours	Pre-requisites
