Program Description and Justification

Justification for proposal change:

The Department of the Classics undergraduate minors have been in place for over 10 years and has mirrored four of the five concentrations offered in the Classics major (Greek, Latin, Classical Civilization, Classical Archaeology). The department has now proposed (via a separate proposal) to revise the five concentrations in the major and create two concentrations instead: Classical Languages and Classical Civilizations. Within these concentrations, students can choose to focus on Greek, Latin, or both (Classical Languages) or Classical Civilizations. To mirror the changes in the BALAS Classics major, we are proposing to reconfigure the Classics minor into two minors instead of the existing four, with 18 hours required in each, as before. The existing language minors (Greek or Latin) become one called Classical Languages where students can choose to focus on Greek (Ancient or Modern) or Latin. From the two existing civilization minor (Classical Civilization, Classical Archaeology), we are creating one minor called Classical Civilizations where students can take civilization and/or archaeology classes.

Students have found having 4 undergraduate minors to choose from confusing. In response, the department has decided to revise its undergraduate offerings (major and minors). It is our goal to streamline the required courses for students and provide flexibility to students.

No

Program of Study

"Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses" (source: <https://www.ibhe.org/assets/files/PrivateAdminRules2017.pdf>). For proposals for new bachelor's degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

An undergraduate minor should consist of at least 16 - and no more than 21 hours - of course work, with at least 6 hours of 300- or 400- level courses. Except clearly remedial offerings, prerequisite courses within the sponsoring unit count towards the total; prerequisite courses outside the sponsoring unit do not count toward this total. The unit sponsoring the minor and that unit's college may set educationally necessary prerequisites for eligibility for the minor within these constraints. Does this proposal meet these criteria?

Yes

All proposals must attach the new or revised version of the Academic Catalog program of study entry. Contact your college office if you have questions.
