Program Description and Justification

Justification for proposal change:

This revision reflects the multilingual realities of the Spanish-speaking world as well as the nature of languages in contact. Students can still take all their courses for the Spanish minor in Spanish (language), and the majority will. With this revision, however, students will have the option to explore one other language (Basque, Catalan, Portuguese, or Quechua) that is complementary to the study of the Spanish-speaking world. Basque and Catalan are official languages within Spain; Quechua is an indigenous language in South America; and Portuguese and Spanish are contact languages in Europe and South America.

The Spanish minor still provides general and in-depth knowledge of the languages and cultures of the Spanish-speaking world. Students gain language proficiency, cultural expertise, analytical tools, and communication skills which add value to almost any other major offered on campus. Students go on to work in a wide range of professions, using their international insights, multicultural experiences, and language skills in their work. With this revision, some students can choose to expand those skills into other linguistic, cultural, and regional expertise (e.g., Quechua and indigenous cultures within the Andean region).

Program of Study

"Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses" (source: <https://www.ibhe.org/assets/files/PrivateAdminRules2017.pdf>). For proposals for new bachelor's degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

An undergraduate minor should consist of at least 16 - and no more than 21 hours - of course work, with at least 6 hours of 300- or 400- level courses. Except clearly remedial offerings, prerequisite courses within the sponsoring unit count towards the total; prerequisite courses outside the sponsoring unit do not count toward this total. The unit sponsoring the minor and that unit's college may set educationally necessary prerequisites for eligibility for the minor within these constraints. Does this proposal meet these criteria?

Yes

All proposals must attach the new or revised version of the Academic Catalog program of study entry. Contact your college office if you have questions.
