

UNIVERSITY OF ILLINOIS URBANA-CHAMPAIGN SENATE
COMMITTEE ON EDUCATIONAL POLICY
(Final; Information)

EP.20.05 Report of Administrative Approvals through September 9, 2019

Senate committees are authorized to act for and in the name of the Senate on minor matters. Below is a listing of the administrative approvals the Senate Committee on Educational Policy approved at its meeting on September 9, 2019. Additional information for each approval is attached.

A. Graduate Programs

Revise one concentration in the CAS, EdD, EdM, MA, and PhD programs in Education Policy, Organization and Leadership (EPOL):

- 1) History of Education Concentration** -- In the list of courses from which students are to select 4 hours, remove EPS 401, History of Educational Ideas (2 hours); EPS 403, European Education to 1600 (2 hours); and EPS 404, European Education Since 1600 (2 hours). Seven courses remain on this “choose-from” list. There is no change to the number of hours required for the concentration or for any of the degrees (CAS, EdD, EdM, MA, and PhD in EPOL).

B. Undergraduate Programs

Revise three concentrations within the BS in Learning and Education Studies:

- 1) Applied Learning Science (AppLeS) Concentration** – In the list of Cognitive Science of Learning Area courses from which students are to select two courses, replace PSYC 458, Introduction to Cognitive Science (3 hours), with BCOG 458, Advances in Brain and Cognitive Science (3 hours). PSYC 458 was discontinued effective Fall, 2019, replaced in the Department of Psychology’s offerings by a new course, BCOG 458. The College of Education had a revision to this concentration approved by the Senate on April 22, 2019; in parallel, the College of Liberal Arts and Sciences had proposed a revision to PSYC 458. Upon review, the revision was deemed to necessitate a deactivation and establishment of a new course, and the effective term for these course changes was set as the same as the originally requested revision, Fall, 2019. As such, the College of Education requests retroactive application of the curricular change to Fall, 2019. There is no change to the number of hours required for the concentration or the degree.
- 2) Digital Environments for Learning, Teaching and Agency (DELTA) Concentration** – In the list of Learning and Cognition Area courses from which students are to choose one course, replace PSYC 458, Introduction to Cognitive Science (3 hours), with BCOG 458, Advances in Brain and Cognitive Science (3 hours). PSYC 458 was discontinued effective Fall, 2019, replaced in the Department of Psychology’s offerings by a new course, BCOG 458. The College of Education had a revision to this concentration approved by the Senate on April 22, 2019; in parallel, the College of Liberal Arts and Sciences had proposed a revision to PSYC 458. Upon review, the revision was deemed to necessitate a deactivation

and establishment of a new course, and the effective term for these course changes was set as the same as the originally requested revision, Fall, 2019. As such, the College of Education requests retroactive application of the curricular change to Fall, 2019. There is no change to the number of hours required for the concentration or the degree.

- 3) **Workplace Development Concentration** – Remove HRD 401, Training in Business/Industry (3 hours), from the list of Human Resource Development Applications area courses from which students are to select six courses. HRD 401 was deactivated effective Fall, 2019. Eleven courses remain from which students can select to fulfill this requirement. There is no change to the number of hours required for the concentration or the degree.

Revise four concentrations within the BS in Crop Sciences:

- 4) **Biological Sciences Concentration** – In the list of courses from which students are to select three courses, *remove* PLPA 401, Plant Pathogenic Fungi (4 hours), PLPA 402, Phytoparasitic Nematodes (4 hours); PLPA 404, Plant Virology (4 hours), and PLPA 406, Phytobacteriology (4 hours) which have been discontinued effective Fall, 2020. They are replaced by PLPA 403, Advanced Plant Pathology (4 hours), a new course effective Spring, 2020 that consolidates and presents the most relevant and up-to-date content previously covered in PLPA 401, 402, 404, and 406. There is no change to the number of hours required for the concentration or the degree.
- 5) **Crop Concentration** – In the list of courses from which students are to select three courses, *remove* PLPA 401, Plant Pathogenic Fungi (4 hours), PLPA 402, Phytoparasitic Nematodes (4 hours); PLPA 404, Plant Virology (4 hours), and PLPA 406, Phytobacteriology (4 hours) which have been discontinued effective Fall, 2020. They are replaced by PLPA 403, Advanced Plant Pathology (4 hours), a new course effective Spring, 2020 that consolidates and presents the most relevant and up-to-date content previously covered in PLPA 401, 402, 404, and 406. There is no change to the number of hours required for the concentration or the degree.
- 6) **Plant Protection Concentration** – In the list of courses from which students are to select three courses, *remove* PLPA 401, Plant Pathogenic Fungi (4 hours), PLPA 402, Phytoparasitic Nematodes (4 hours); PLPA 404, Plant Virology (4 hours), and PLPA 406, Phytobacteriology (4 hours) which have been discontinued effective Fall, 2020. They are replaced by PLPA 403, Advanced Plant Pathology (4 hours), a new course effective Spring, 2020 that consolidates and presents the most relevant and up-to-date content previously covered in PLPA 401, 402, 404, and 406. There is no change to the number of hours required for the concentration or the degree.
- 7) **Agroecology Concentration** – In the list of courses from which students are to select three courses, *remove* PLPA 401, Plant Pathogenic Fungi (4 hours), PLPA 402, Phytoparasitic Nematodes (4 hours); PLPA 404, Plant Virology (4 hours), and PLPA 406, Phytobacteriology (4 hours) which have been discontinued effective Fall, 2020. They are replaced by PLPA 403, Advanced Plant Pathology (4 hours), a new course effective Spring, 2020 that consolidates and presents the most relevant and up-to-date content previously covered in PLPA 401, 402, 404, and 406. There is no change to the number of hours required for the concentration or the degree.

Dear Dr. Hu and Dr. Heller,

The College of Education's Learning and Education Studies program <http://catalog.illinois.edu/undergraduate/education/learning-education-studies-bs/> used PSYC 458 as part of their curriculum for the DELTA and AppLeS concentrations. We have recently learned that this course has been discontinued and that its information was rolled into BCOG 458. We would like your approval to replace PSYC 458 with BCOG 458 in both of these concentrations.
