

UNIVERSITY OF ILLINOIS URBANA-CHAMPAIGN SENATE
COMMITTEE ON EDUCATIONAL POLICY
(Final; Information)

EP.21.002 Report of Administrative Approvals through August 31, 2020

Senate committees are authorized to act for and in the name of the Senate on minor matters. Below is a listing of the administrative approvals the Senate Committee on Educational Policy approved at its meeting on August 31, 2020. Additional information for each approval is attached.

A. Undergraduate Programs

- 1) **Agricultural & Consumer Economics: Agri-Accounting, BS** – Revise the Agri-accounting Concentration-Required courses of which students take a total of 29 hours to *remove* ACE 231, Food and Agribusiness Management (3 hours) or BADM 310, Mgmt and Organizational Beh (3 hours) and *add* ACE 346, Tax Policy and Financial Planning (3 hours). ACE 231 or BADM 310 are no longer prerequisites for ACCY 304, Accounting Control Systems (3 hours), which is a required course for students in the Agri-accounting concentration. ACE 346 is a required course for students in this program of study who wish to be considered for admission to the Gies College of Business' Master of Accounting Science program, and it is approved by the Illinois Board of Examiners as meeting the "Tax" requirement to sit for the CPA exam. The proposed revision does not change the total number of hours required for the concentration or for the program of study.
- 2) **Agricultural & Consumer Economics: Public Policy and Law, BS** – Revise the Public Policy and Law Concentration-Required courses of which students take a total of 21 hours to *remove* PS 220, Intro to Public Policy (3 hours) and *add* ACE 203, Introduction to Public Policy and Law (3 hours). PS 220 surveys the policy-making process but lacks the focus on agriculture, food, and natural resources in a manner that aligns with classes throughout this program of study. ACE 203 is tailored to specifically cover public policy in a manner that does align. The proposed revision does not change the total number of hours required for the concentration or for the program of study.

B. Graduate Programs

- 1) **In concurrence with the 2019-2020 Senate Educational Policy Committee Chair, the following programs were edited in the Program of Study Academic Catalog listing effective May 28, 2020 in the 2020-2021 Academic Catalog. The revisions are considered editorial because they are changes in the rubric of courses listed only; there is no content change in the courses themselves nor to the requirements which these courses comprise in the following programs.**
 - Courses changed - The foundational courses lists were updated with the current rubric, EPOL, revising it from EOL for these courses: EPOL 401, History of American Education (2-4 hours); EPOL 402, Asian American Education (4 hours); EPOL 403, Historical and Social Barriers (4 hours); EPOL 405, School and Society (4 hours); EPOL 406, Professional Ethics in Education (4 hours);

EPOL 407, Critical Thinking in Education (4 hours); EPOL 408, Aesthetic Education (4 hours); EPOL 409, Sociology of Education (2-4 hours); EPOL 410, Racial and Ethnic Families (2-4 hours); EPOL 412, Politics of Education (3 hours); EPOL 413, Economics of Education (2-4 hours); EPOL 480, Technology and Educational Reform (4 hours); EPOL 539, Political & Cultural Context of Education (4 hours).

- Programs impacted – Special Education, EdM; Special Education, MS; Elementary Education, EdM; Curriculum and Instruction, CAS; Curriculum and Instruction, EdM (on campus and online); Curriculum and Instruction, MA; Curriculum and Instruction, MS; Early Childhood Education, EdM; Education Policy, Organization and Leadership, CAS (on campus and off campus); Education Policy, Organization and Leadership, EdM (on campus, off campus, and online); Education Policy, Organization and Leadership, MA; Educational Psychology, EdM (on campus and online); Educational Psychology, MA; Educational Psychology, MS; Secondary Education, EdM; Secondary Education: English Language Arts (grades 9-12), EdM; Secondary Education: Social Science: History (grades 9-12), EdM; Secondary Education: Science (grades 9-12), EdM; Secondary Education: Mathematics (grades 9-12), EdM.

Changes proposed by: Craig Gundersen

Proposal Type

Proposal Type:

Concentration (ex. Dietetics)

This proposal is for a:

Revision

Proposal Title:

If this proposal is one piece of a multi-element change please include the other impacted programs here. *example: A BS revision with multiple concentration revisions*

Admin approval: Revision to the Agricultural Accounting (AA) concentration in Agricultural and Consumer Economics (ACE) major.

This proposal is a multi-element proposal for the Agricultural & Consumer Economics department including: the Agricultural Accounting(AA) concentration (Key 587) and the Agricultural & Consumer Economics: Public Policy and Law (PPL) concentration (key 595).

Program Description and Justification

Justification for proposal change:

Changes:

1. Drop ACE 231 or BADM 310 as requirements.

2. Add ACE 346 as requirement.

Justification:

1. ACE 231 or BADM 310 used to be requirements for ACCY 304 which AA students need to take for their degree. Since ACE 231 or BADM 310 are no longer requirements for ACCY 304, there is no reason to continue to include them.
2. ACE 346, which has been taught for a number of years in ACE, is being proposed as a requirement for two reasons. First, ACE 346 is a requirement for AA students who wish to be admitted to the College of Business's MAS program. Second, ACE 346 is approved by the Illinois Board of Examiners as meeting the "Tax" requirement to sit for the CPA exam.

Is this program interdisciplinary?

No

Is This a Teacher Certification Program?

No

Will specialized accreditation be sought for this program?

No

Enrollment

Describe how this revision will impact enrollment and degrees awarded.

No impact

Delivery Method

Is this program available on campus and online?

No

This program is available:

On Campus

Budget

Are there budgetary implications for this revision?

No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Resource Implications

Facilities

Will the program require new or additional facilities or significant improvements to already existing facilities?

No

Technology

Will the program need additional technology beyond what is currently available for the unit?

No

Non-Technical Resources

Will the program require additional supplies, services or equipment (non-technical)?

No

Resources

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc. Describe how the unit will support student advising, including job placement and/or admission to advanced studies.

No changes.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

There will be no impact on the University Library.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects impacted by the creation/revision of this program?

No

Financial Resources

How does the unit intend to financially support this proposal?

ACE has the resources to meet the changes in the number of students in the courses mentioned above.

Will the unit need to seek campus or other external resources?

No

Program Regulation and Assessment

Briefly describe the plan to assess and improve student learning, including the program's learning objectives; when, how, and where these learning objectives will be assessed; what metrics will be used to signify student's achievement of the stated learning objectives; and the process to ensure assessment results are used to improve student learning. (Describe how the program is aligned with or meets licensure, certification, and/or entitlement requirements, if applicable).

Not applicable

Is the career/profession for graduates of this program regulated by the State of Illinois?

No

Program of Study

"Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses" (source: <https://www.ibhe.org/assets/files/PrivateAdminRules2017.pdf>). For proposals for new bachelor's degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

All proposals must attach the new or revised version of the Academic Catalog program of study entry. Contact your college office if you have questions.

Revised programs

New Side-by-Side Ag Accy.xlsx

Attach a side-by-side comparison with the existing program AND, if the revision references or adds "chosed-from" lists of courses students can select from to fulfill requirements, a listing of these courses, including the course rubric, number, title, and number of credit hours.

Program Description and Justification

Justification for proposal change:

Students in the ACE Public Policy & Law concentration need a foundation in basic principles of public policy and related legal issues such as statutory interpretation and Congressional powers. ACE 203 will provide that instruction with case studies and classroom work tailored specifically to the

agricultural, food and natural resources issues that align with classes throughout the department's major concentrations. The federal farm bill authorizes, among other things, farm, conservation, food, research and rural policies, and it provides an ideal case study for an introduction to public policy and to agricultural, food and natural resource issues. Over the course of 100 years, Congress has reauthorized farm bills more than 20 times providing substantial insights into public policy and the legislative process. The farm bill, moreover, has been the topic of important Supreme Court decisions on Congressional powers.

This course replaces PS 220 for the PPL concentration. While PS 220 does survey the policy making process, it does not focus on agriculture, food and natural resources in a manner that aligns with classes throughout the department's major concentration. It also does not appear to provide the direct experience with writing and debating policy in simulated sessions.
