

Illinois Climate Action Plan – iCAP – 2020

Dr. Madhu Khanna
Interim Director

Institute for Sustainability, Energy, and Environment (iSEE)

ILLINOIS CLIMATE ACTION PLAN

2020

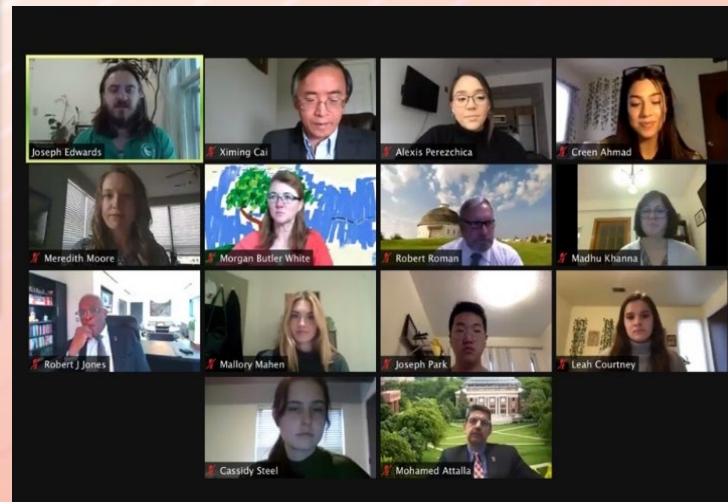

Message from the Chancellor

“Our hope is that this spirit of environmental stewardship permeates campus on administrative and individual scales...I am confident that all of us at the university will join together with the shared commitment it will take to make the ambitious goals of this plan a real and sustainable future here at Illinois.”

Robert J. Jones

Chancellor, University of Illinois Urbana-Champaign

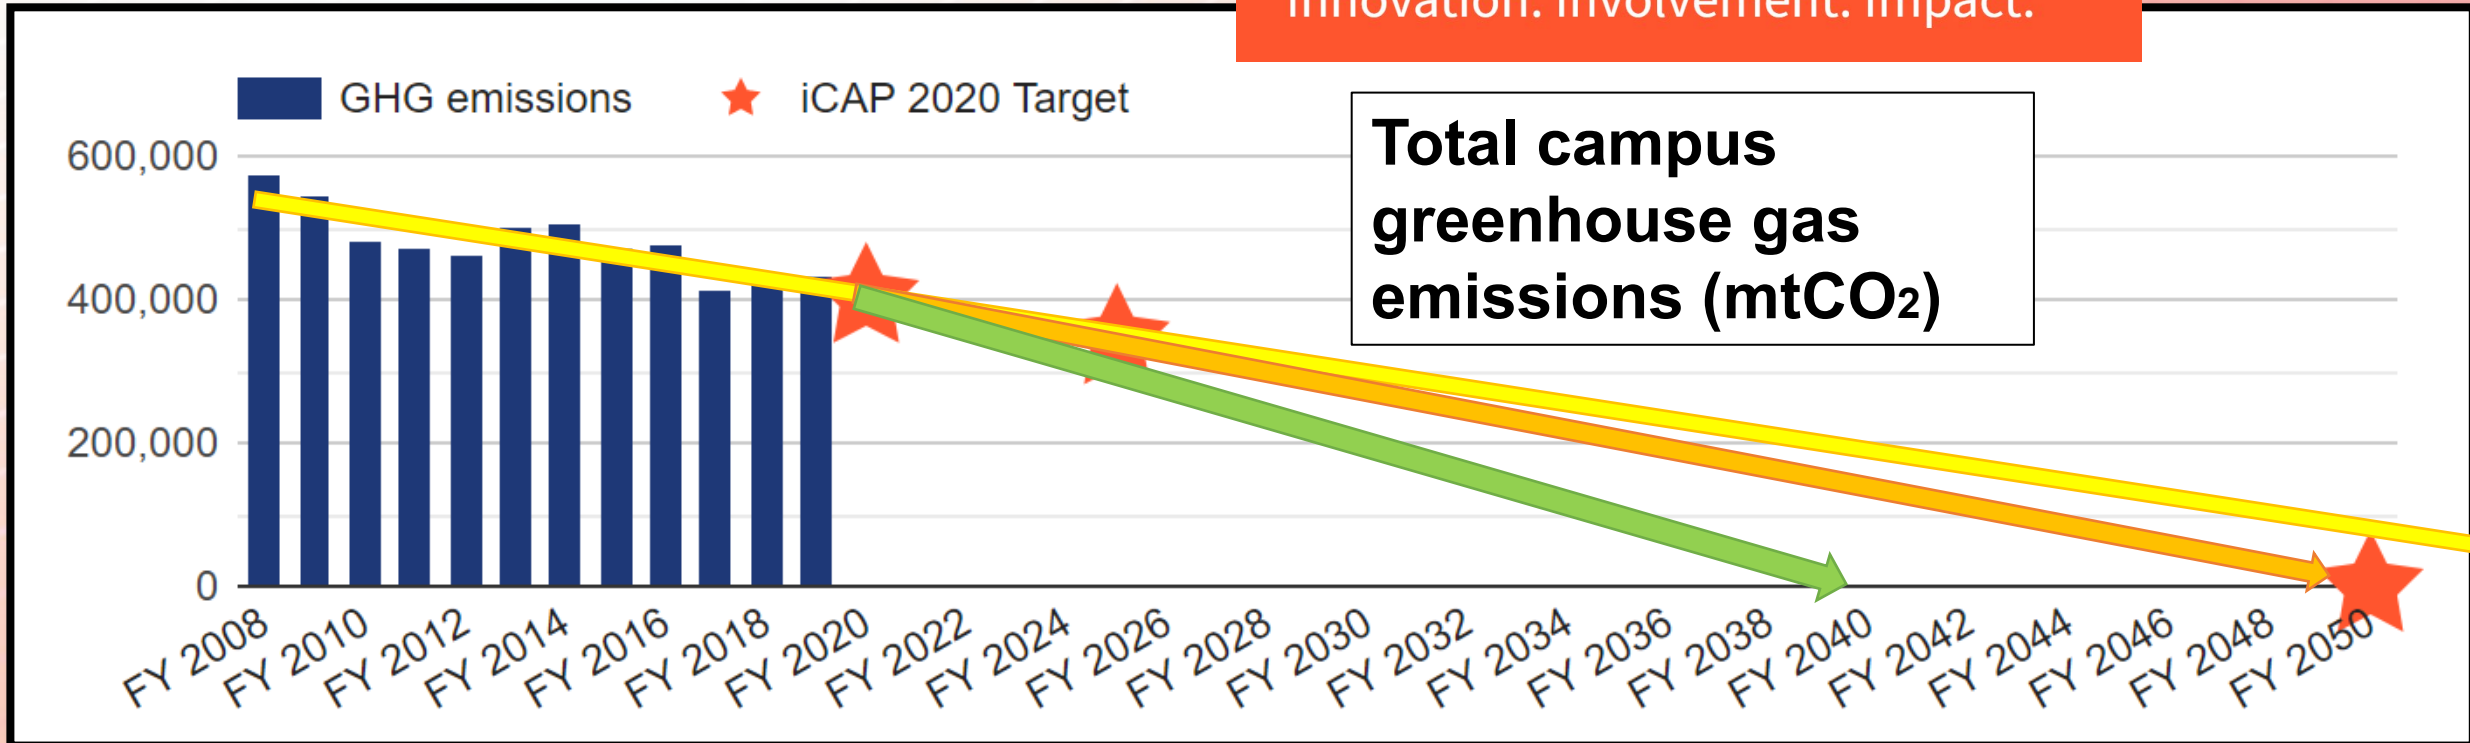

- Illinois is a global leader
- Sustainability is a top priority
- Campuswide support
- Must act swiftly and urgently

THE POWER OF I

Innovation. Involvement. Impact.

Several Key Objectives

- Increasing Use of Renewable Energy
- Space Utilization
- Energy Conservation
- Green Procurement
- Local Foods
- Sustainable Agriculture
