Program Regulation and Assessment

Briefly describe the plan to assess and improve student learning, including the program's learning objectives; when, how, and where these learning objectives will be assessed; what metrics will be used to signify student's achievement of the stated learning objectives; and the process to ensure assessment results are used to improve student learning. (Describe how the program is aligned with or meets licensure, certification, and/or entitlement requirements, if applicable).

Upon completion of the MS/LIS program, students will be able to:

- Apply foundational concepts, theories, and principles to problems of information organization and access.
- Communicate capably with diverse stakeholders, promoting not just access to but also effective use of information services and systems in specific contexts.
- Use evidence to help address information problems, meet information needs, and create relationships in their institutions, communities, profession, and the world.
- Compare and critique contemporary information practices, structures, and standards in relation to historical and global alternatives.
- Apply core ethical principles to professional practice.

Is the career/profession for graduates of this program regulated by the State of Illinois?

No

Program of Study

"Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses" (source: <https://www.ibhe.org/assets/files/PrivateAdminRules2017.pdf>). For proposals for new bachelor's degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

All proposals must attach the new or revised version of the Academic Catalog program of study entry. Contact your college office if you have questions.

Revised programs
