## Proposal Type

Proposal Type:

Concentration (ex. Dietetics)

Proposal Title:

if this proposal is one piece of a multi-element change please include the other impacted programs here. *example: A BS revision with multiple concentration revisions*

Revise the BALAS in Classics, College of Liberal Arts and Sciences, to eliminate the five ways students can choose a Classics major (major in Classics (without a concentration) and the four concentrations in Greek, Latin, Classics, Classical Civilization, and Classical Archeology. Add concentrations in Classical Languages and Classical Civilizations as the only two options students may pursue a Classics Major

## Program Description and Justification

Provide a **brief** description and justification of the program, including highlights of the program objectives, and the careers, occupations, or further educational opportunities for which the program will prepare graduates, when appropriate.

The Classics major has been in place for over 10 years with five ways to pursue the major- Classics major (major in Classics (without a concentration) and the four concentrations in Greek, Latin, Classics, Classical Civilization, and Classical Archeology . Recently, the department reviewed the requirements and found that the number of different concentrations is not effective in communicating to students required courses, often creating confusion among the different concentrations--for example, the number of credit hours, which varied from 30 to 36 across concentrations. Consequently, we are proposing to offer two new concentrations of 32 hours for each and eliminate the existing five concentrations. Our goals are to clarify and simplify the major requirements, making the information delivered to students clearer and more concise. From the three existing language concentrations (Greek, Latin, Classics), we are creating one concentration called Classical Languages; students can choose to focus on Greek, Latin, or both. From the two existing civilization concentrations (Classical Civilization, Classical Archaeology), we are creating one concentration called Classical Civilizations (wherein students can elect a track in Mediterranean Archaeology, or no specialization/track).

The existing concentrations are confusing to students who are often puzzled by having these different categories to choose from. It is our goal to streamline the description of required courses on paper and our website to make it clear to students what is required and supporting coursework. The two concentrations now give flexibility to students who can now acquire focus on a language or, if they choose, archaeology.

Is This a Teacher Certification Program?

## Resource Implications

### Facilities

Will the program require new or additional facilities or significant improvements to already existing facilities?

No

### Technology

Will the program need additional technology beyond what is currently available for the unit?

No

### Non-Technical Resources

Will the program require additional supplies, services or equipment (non-technical)?

No

## Resources

### Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc. Describe how the unit will support student advising, including job placement and/or admission to advanced studies.

The revisions do not have staffing implications.

### Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

The revisions do not have library resource implications.

### Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

Yes

Please describe

We are reducing the number of concentrations from 4 to 2, but this will not result in a reduction in the courses taught by the department.

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects impacted by the creation/revision of this program?

No

## Financial Resources

How does the unit intend to financially support this proposal?

Existing resources will be used for this revised major.

Will the unit need to seek campus or other external resources?

No

## Program Regulation

Describe how the program is aligned with or meets licensure, certification, and/or entitlement requirements, if applicable.

Briefly describe the plan to assess and improve student learning, including the program's learning objectives; when, how, and where these learning objectives will be assessed; what metrics will be used to signify student's achievement of the stated learning objectives; and the process to ensure assessment results are used to improve student learning.

The Director of Undergraduate Studies in collaboration with the Committee on Undergraduate Study and the Head of the Department lead the assessment work. All juniors and seniors will be evaluated based on their submission of a portfolio of papers produced for 300-400 level courses in the Spring semesters. An alumni survey in addition to a junior survey is conducted every year.

Student learning objectives and metrics:

1. Acquire a detailed knowledge of the culture of Ancient Greek, Roman, and neighboring languages and civilizations, especially the broader historical, social, and cultural contexts and their development.
2. Acquire familiarity with contemporary methods of cultural and historical analysis to facilitate self-directed inquiry of Ancient Greek, Roman, and neighboring cultures.
3. Acquire an awareness of the place of Ancient Greek, Roman, and neighboring cultures in the western tradition in order to understand connections between past and present.
4. Acquire an appreciation of how the careful engagement with other cultures can facilitate new ways of understanding and interpreting one's own contemporary culture.

Is the career/profession for graduates of this program regulated by the State of Illinois?

No

## Program of Study

*"Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses" (source: <https://www.ibhe.org/assets/files/PrivateAdminRules2017.pdf>). For proposals for new bachelor's degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.*

All proposals must attach the new or revised version of the Academic Catalog program of study entry. Contact your college office if you have questions.
