XI. ADJOURNMENT

UNIVERSITY OF ILLINOIS URBANA-CHAMPAIGN SENATE

MONDAY, APRIL 26, 2021

ZOOM WEBINAR

MINUTES

I. CALL TO ORDER

A regular meeting of the University of Illinois Urbana-Champaign Senate was called to order at 3:10 pm with Senate Executive Committee (SEC) Chair Rob Kar (LAW) presiding and Professor Emeritus H. George Friedman, Jr. serving as Parliamentarian. Chair Kar then conducted a test vote of the Poll Everywhere system.

II. APPROVAL OF MINUTES

09/20/21-01 Without objection, the minutes of the April 26, 2021 and May 3, 2021 meetings were approved as distributed by unanimous consent.

III. PUBLIC COMMENT

Faculty senator Ralph Mathisen (LAS) spoke about concerns regarding COVID and in-person teaching.

IV. APPROVAL OF FLOOR PRIVILEGES

09/20/21-02 The following individuals requested floor privileges during the Committee of the Whole discussion. Floor privileges were granted without objection by unanimous consent.

Awais Vaid (Deputy Administrator, Champaign-Urbana Public Health District)

Lisa Monda-Amaya (Interim Vice Provost for Undergraduate Education)

Bill Bernhard (Executive Vice Provost for Academic Affairs)

Becky Smith (SHIELD: Target, Test, Tell)

Chris Brooke (SHIELD: Target, Test, Tell)

Kraig Wagenecht (SHIELD: Target, Test, Tell)

V. SENATE EXECUTIVE COMMITTEE CHAIR'S REMARKS

Chair Kar announced that the Senate would continue to meet via Zoom webinar if Governor Pritzker continues to issue disaster proclamations and it is determined not to be feasible to meet in person. It is also consistent with general education policy that classes over 200 are held remotely.

Kar thanked everyone for the strong vaccination rates and noted that Provost Cangelaris will discuss this topic further.

Chair Kar reported that a graduate student senator vacancy remains on the Senate Committee on Committees (CC). If a graduate student senator is interested in serving on CC, please contact the Office of the Senate. Also, the student members of the SEC have yet to be elected. Please watch your email this week for an email from Clerk of the Senate Roether for additional information on the nominating procedures.

VI. CHANCELLOR'S REMARKS

Vice Chancellor for Academic Affairs and Provost Andreas Cangellaris gave remarks on behalf of Chancellor Robert Jones. Cangellaris thanked everyone for their participation in shared governance. Shared governance participation has been instrumental in the safe and successful navigation of the COVID pandemic.

Cangellaris stated that the 10-day numbers, which is when the official fall enrollment is based, show an all-time high enrollment for first year student, for graduate students, and the overall student body. These record numbers are not sustainable under current University infrastructure. Moving forward we must find creative solutions to the demand for higher education.

There is a downward trend in the number of positive COVID tests. The University continues to work closely with the Champaign-Urbana Public Health District (CUPHD) on a multilayered mitigation strategy. High vaccination rates and high compliance with testing protocols has contributed to the downward trend in COVID cases. Additional information will be provided later in the meeting from SHIELD experts.

As of this morning, the following vaccination rates were reported: 90% undergraduate students, 93% graduate students, 87% faculty, 90% academic professional, and 71% civil service. This is about 30% higher than the county average and about 36% higher than the national average. CUPHD is the local legal authority for contact tracing.

VII. QUESTIONS

Faculty senator Benson (LIBR) inquired about relocating the reporting line of Disability Resources and Educational Services (DRES) from the College of Applied Health Sciences (AHS) and moving it under the Vice Chancellor for Diversity, Equity, and Inclusion (VCDEI). Cangellaris noted that DRES is uniquely positioned to have a significant educational and research component, the thinking is to restructure the broader DRES umbrella in such a way that all the academic and research activities stay with the units. This means not only AHS, but also all the other contributing units. This will also assist with meeting the compliance requirements especially related to ADA (American Disabilities Act) requirements and provide a more centralized oversight structure.

Faculty senator Rosenstock (LAS) asked about the University's cooperation with CUPHD. At the September SEC meeting, Cangellaris noted that CUPHD works in collaboration with the Office of Student Affairs and McKinley Health Center on contact tracing. Rosenstock asked if McKinley would be able to provide data such as classroom rosters and how many of students in each classroom are vaccinated. Dr. Awais Vaid previously provided a response to this question in writing. Vaid reiterated that CUPHD is following the guidance that has been put forward by the CDC (Centers for Disease Control and Prevention) and adopted by the Illinois Department of Public Health (ILDPH).

VIII. REVIEW OF PARLIAMENTARY PROCEDURE

H. George Friedman, Jr., Parliamentarian, reviewed basic parliamentary procedure and directed senators to the quick guide that was in the meeting packet. The quick guide is also available on the Senate website. Friedman gave various examples of motions and how those motions can be used effectively and appropriately. He also provided additional information that applies during remote meetings.

IX. CONSENT AGENDA

X. PROPOSALS

09/20/21-17 CC.22.10* Election of Members on Standing Committees of the Senate at the September 20, 2021 Senate Meeting

On behalf of the Senate Committee on Committees (CC), chair Sandler introduced and moved approval of the slate of nominees in proposal CC.22.10.

09/20/21-18 Collin Ruud (AP) nominated himself from the floor to fill the academic professional vacancy on the Senate Committee on University Statutes and Senate Procedures (SP). There were no additional nominations from the floor and nominations were declared closed.

09/20/21-19 Through the online voting system Poll Everywhere, proposal CC.22.10 was approved as amended with 135 in favor, 0 opposed, and 3 abstentions.

09/20/21-20 EC.21.06* Revision to the *Election Rules for the Academic Professional Electorate*, Section 3 – Eligibility

On behalf of the Senate Committee on Elections and Credentials (EC), committee member Friedman gave a historical overview of academic professional (AP) participation in the Senate and moved approval of proposal EC.21.06.

In response to a question, Friedman noted that all Senate electorates exclude those with visiting in their title, not just APs. A short discussion regarding determining AP eligibility regarding teaching and research was held.

09/20/21-21 Through the online voting system Poll Everywhere, proposal EC.21.06 was approved with 116 in favor, 4 opposed, and 14 abstentions.

XII. NEW BUSINESS

No new business.

XIII. COMMITTEE OF THE WHOLE DISCUSSION

- 09/20/21-41 Vice Chair Dallesasse made a motion to move into a committee of the whole to consider the authority to decide and/or change teaching modalities during COVID. The motion was seconded and approved without objections by unanimous consent.

Faculty senator Rosenstock (LAS) expressed concern about contact tracing. Concern was also expressed for faculty that have small children that are unable to be vaccinated and has a student that tests positive for COVID. Rosenstock felt that other faculty are nervous about positive cases in their classrooms.

Smith (SHEILD team member) responded to a question noting that the idea of random testing has been discussed and has not been found effective in finding breakthrough cases. Rather, students that are vaccinated and living in buildings that have a large number of cases are required to test. This is a much more effective method of determining breakthrough cases.

Faculty senator and SHIELD team member Elbanna (ENGR) shared slides about COVID progression on campus. Data from Fall 2021 and Fall 2020 were compared, including the emergence of the Delta variant.

- 09/20/21-42 A motion was made to rise and report (end discussion). The motion was seconded, and a vote was taken.
- 09/20/21-43 Through the online voting system Poll Everywhere, the motion to rise and report failed with 40 in favor, 69 opposed, and 7 abstentions. Discussion continued.

09/20/21-43 A motion was made and seconded to rise and report. Without objection, the motion to rise and report was approved by unanimous consent.

XIV. ADJOURNMENT

The meeting was adjourned at 5:16 pm.

UNIVERSITY OF ILLINOIS URBANA-CHAMPAIGN SENATE
COMMITTEE ON UNIVERSITY STATUTES AND SENATE PROCEDURES
(First Reading; Information)

SP.19.15 Proposed Revisions to the *Statutes*, Article IV, Section 1 – The Department, Section 2 – Department Organized with a Chair, Section 3 – Department Organized with a Head, and Section 4 – Change of Departmental Administrative Organization

BACKGROUND

Currently, *Statutes* Article IV (Departments), Sections 1 (The Department), 2 (Department Organized with a Chair), 3 (Department Organized with a Head), and 4 (Change of Departmental Administrative Organization), especially Sections 2 and 3, are unclear, incoherent, not parallel, and generally confusing. Proposed revisions put current items, all of which have been retained or revised, in a more logical, consistent, and coherent order and strengthens shared governance in academic and research matters that directly affect faculty.

The department is the primary unit of education and administration (*Statutes*, Article IV, Section 1a). A proposed change in Section 1a would provide an additional opportunity for faculty participation. Specifically, any academic appointment in a department would be made with the prior advice of the faculty.

A department may be organized administratively either with a chair or with a head (Section 1c). Current *Statutes* provide for the annual appointment of a chair (Section 2a) and for the appointment of a head (Section 3a) without specified term, but do not provide a consultative process for the initial appointment of a chair or head.

Proposed changes to Sections 2 and 3, therefore, would provide an opportunity to strengthen shared governance and promote diverse representation. Specifically, proposed changes in the initial appointment of a chair (Section 2) or head (Section 3) would require the dean to seek advice of a committee selected by the faculty of the department. These changes align with the current procedure for the initial appointment of a chancellor/vice president, in which a committee is selected by the senate to advise the president (*Statutes*, Article I, Section 5). Similar to that procedure, and to the recently senate-approved proposal regarding the initial appointments of a dean, director, and campus librarian (SP.19.14), this proposal does not specify the composition of the advisory committee or the advisory process. Instead, it provides an opportunity for faculty from the department to participate in the search carried out by the dean, which typically involves other interested parties.

Other proposed changes to Sections 2 and 3 would provide transparency to avoid potential conflicts of interest. Specifically, a) the chair or head of the department would continue to be

an *ex officio* member of the departmental executive or advisory committee, but not chair that committee; rather, the chair of the committee would be chosen by and from elected members (Sections 2 and 3); b) the executive committee would advise on the annual appointment of the chair (Section 2); c) the performance of the head would be reviewed annually, while still being evaluated formally at least once every five years (Section 3).

A proposed change to Section 4 would provide another opportunity for faculty to vote on a change of the administrative organization of the department. Specifically, the revision would add the initial appointment of a department chair or head to the circumstances in which the administrative organization of the department may be changed from a chair to a head or from a head to a chair.

RECOMMENDATION

The Senate Committee on University Statutes and Senate Procedures recommends approval of the following revisions to the *Statutes*, Article IV, Section 1, Section 2, Section 3, and Section 4.

Text to be deleted is ~~struck through~~ and text to be added is underscored.

PROPOSED REVISIONS TO THE *STATUTES*, ARTICLE IV, SECTION 2, SECTION 3, AND SECTION 4

1 **ARTICLE IV. DEPARTMENTS**

2 **Section 1. The Department**

- 3 a. Within the University of Illinois System, the department is the primary unit of education and
4 administration. It is established for the purpose of ~~carrying on~~ conducting programs of
5 instruction, research, and public service in a particular field of knowledge. The staff of a
6 department includes ~~persons~~ individuals of all ranks who, upon the recommendation of its chair
7 or head or chair, are appointed or assigned to it. The faculty of a department shall be as
8 specified in Article II, Section 3a of these *Statutes*. ~~All~~ Any appointments ~~which that carry carries~~
9 academic rank, ~~title~~, or tenure indicative ~~in any way~~ of departmental association shall be made
10 ~~only~~ with the ~~concurrence~~ prior advice of the ~~department(s) concerned~~ faculty.
- 11 b. The department has the fullest measure of autonomy consistent with the maintenance of
12 general college and university educational policy and of correct academic and administrative
13 relations with other divisions of the university. ~~Should~~ If a dispute arises between the
14 department and another unit of the university concerning the proper limits of this autonomy,
15 then the department may appeal for a ruling directly to the dean and the executive committee
16 of the college and, when the chancellor/vice president considers it proper, to the

17 chancellor/vice president, who shall make a decision after appropriate consultation with
18 interested parties.

19 c. A department may be organized either with a chair or with a head. A reorganization of the
20 administration ~~structure~~ of a department from a chair to a head, or a head to a chair, may be
21 accomplished only by Section 4 of this Article.

22

23 **Section 2. Department Organized with a Chair**

24 a. The chair shall be appointed annually by the Board of Trustees on recommendation ~~of~~ by the
25 chancellor/vice president, with the concurrence of the president, after confidential
26 consultations with the dean of the college, ~~and with~~ the executive committee of the
27 department, and the faculty of the department concerned. Prior to the initial appointment of a
28 department chair, a committee that is selected by the faculty of the department, according to
29 its bylaws, shall advise the dean on the appointment. The performance of the chair shall be
30 evaluated formally at least once every five years in a manner to be determined by department,
31 school, or college bylaws. As one component of this evaluation, views shall be solicited from the
32 entire department faculty in such a way as to preserve confidentiality. The chair may be
33 relieved of title and duties as chair of the department by the chancellor/vice president on
34 recommendations by the dean of the college and the executive committee of the department.

35 ~~d.b. In each department organized with a chair, there~~ There shall be an executive committee
36 elected annually by and from the faculty of the department by secret written ballot. At least
37 one-half of the members of the departmental executive committee shall be elected from those
38 faculty members who have at least a 50-percent salaried appointment in the ~~U~~ university of
39 ~~Illinois system. The faculty may choose to elect members of the executive committee for~~
40 ~~staggered two or three year terms. The chair of the department is ex officio a member and~~
41 ~~chair of the executive committee. The chair and the executive committee are responsible for~~
42 ~~the preparation of the budget and for such matters as may be delegated to them by the faculty~~
43 ~~of the department. In a department which that has a faculty of not more than five members,~~
44 the executive committee shall consist of the entire faculty. In all other cases, ~~the size of the~~
45 ~~executive committee shall be determined by the faculty of the department.~~ the faculty of the

46 department shall determine the size of the executive committee. The faculty may choose to
47 elect members of the executive committee for staggered two- or three-year terms. A chair of
48 the committee shall be chosen by and from elected members. The chair of the department is an
49 ex officio member of the executive committee. If the executive committee is in session to
50 advise on the annual appointment of the chair of the department or to evaluate formally the
51 chair's performance, the chair shall not be a member and the committee shall be chaired by a
52 committee member elected by the committee for that purpose.

53 The functions of the executive committee shall be to provide for the orderly voicing of
54 suggestions for the good of the department, to recommend procedures and committees that
55 will encourage faculty participation in formulating policy, and to perform such other tasks as
56 may be assigned to it. Any member of the executive committee may request the chair of the
57 committee to convene a meeting on any matter properly within its purview. Any faculty
58 member shall be entitled to a conference with the executive committee or with any member of
59 the committee on any matter properly within its purview.

60 ~~e(3)~~ c. The chair shall collaborate with the executive committee in the preparation of to prepare
61 the departmental budget. The chair shall be responsible for the distribution and expenditure of
62 departmental funds for purposes approved by the executive committee, and for the care of
63 departmental property.

64 ~~e. d. In each department organized with a chair, that officer~~ The chair shall be responsible for
65 the formulation and execution of departmental policies and for the execution of system,
66 university, and college policies, insofar as they affect the department. The chair shall have the
67 power to act independently in such matter as are delegated to the chair by the executive
68 committee. The chair and the executive committee are responsible for the organization and
69 general direction of the work of the department, and for the quality and efficient progress of
70 that work. The faculty may delegate to the chair other such matters for which the chair shall be
71 responsible. The executive committee may delegate to the chair such matters for which the
72 chair shall have the power to act independently.

73 ~~The chair shall (1) report on the teaching and research of the department; (2) have general~~
74 ~~oversight of the work of students in the department; (3) collaborate with the executive~~

75 ~~committee in the preparation of the budget and be responsible for the expenditure of~~

78 ~~which there shall be not fewer than one in each academic year for consideration of questions of~~
79 ~~departmental governance and educational policy. (1) represent the department in all matters~~
80 ~~pertaining to it; (2) consult with the departmental executive committee in regard to~~
81 ~~departmental policy; (3) consult with each member of the department regarding the nature and~~
82 ~~scope of the work in the charge of that member; (4) report on the teaching and research of the~~
83 ~~department; (5) have general oversight of the work of students in the department; and (6) call~~
84 ~~and preside at meetings of the executive committee and at meetings of the department faculty,~~
85 ~~for explanation and discussion of departmental policies, educational procedure, and research,~~
86 ~~of which there shall be not fewer than at least one in each academic year for consideration of~~
87 ~~questions of departmental governance and educational policy. The chair together with the~~
88 ~~executive committee is responsible for the organization of the work of the department and for~~
89 ~~the quality and efficient progress of that work. Any faculty member shall be entitled to a~~
90 ~~conference with the executive committee or with any member of it on any matter properly~~
91 ~~within the purview of the committee.~~

92 ~~f. e. In the administration of the office, the~~ The chair shall recognize the individual responsibility
93 of ~~other~~ each members of the department for the discharge of the duties committed to them
94 by their appointments and shall allow proper scope to the ability and initiative of ~~all~~ each
95 members of the department.

96 ~~b. f. In each department organized with a chair, the~~ The executive committee shall recommend
97 individuals for academic appointment in the department. With the consent of the executive
98 committee, or as specified in the department bylaws, the chair may invite ~~persons~~ individuals
99 who are not members of the department faculty ~~may be invited by the chair~~ to attend meetings
100 of the department faculty, but such ~~persons~~ individuals shall have no vote.

102 authority is limited to matters as do not so affect relations with ~~that do not affect other~~

103 departments or ~~colleges that they~~ properly come under the supervision of larger higher
104 administrative units.

105

106 **Section 3. Department Organized with a Head**

107 a. The head ~~of a department~~ shall be appointed without specified term by the Board of Trustees
108 on recommendation by the chancellor/vice president, with the concurrence of the president,
109 after confidential consultations with the dean of the college, and all members the advisory
110 committee of the department, and the faculty of the department concerned. Prior to the initial
111 appointment of a department head, a committee that is selected by the faculty of the
112 department, according to its bylaws, shall advise the dean on the appointment. ~~The head may~~
113 ~~be relieved of title and duties as head of the department by the chancellor/vice president on~~
114 ~~the recommendation of the dean of the college.~~ The performance of the head shall be reviewed
115 annually and evaluated formally at least once every five years in a manner to be determined by
116 department, school, or college bylaws. As one component of the formal evaluation, views shall
117 be solicited from the entire department faculty in such a way as to preserve confidentiality. The
118 head may be relieved of title and duties as head of the department by the chancellor/vice
119 president on recommendations by the dean of the college and the advisory committee of the
120 department.

121 f.b. ~~In each department organized with a head, there~~ There shall be an advisory committee
122 elected annually by and from the faculty of the department by secret written ballot. ~~The~~
123 ~~department faculty may choose to elect members of the advisory committee for staggered two-~~
124 ~~or three-year terms~~ At least one-half of the members of the departmental advisory committee

145 committee to convene a meeting on any matter properly within its purview. Any faculty
146 member shall be entitled to a conference with the advisory committee or with any member of
147 it on any matter properly within its purview.
148 ~~d(7, 8) c.~~ The head shall consult with the advisory committee to prepare the departmental
149 ~~budget in consultation with the departmental advisory committee. The head shall be~~
150 ~~responsible for the distribution and expenditure of departmental funds, in accordance with the~~
151 ~~general purposes established by the advisory committee, and for the care of departmental~~
152 ~~property.~~
153 ~~d. In each department organized with a head, the head shall have general direction of the work~~
154 ~~of the department. The head shall be responsible for the formulation and execution of~~
155 ~~department policies and for the execution of system, university, and college policies, insofar as~~
156 ~~they affect the department. The head, in consultation with the faculty, is responsible for the~~

UNIVERSITY OF ILLINOIS URBANA-CHAMPAIGN SENATE
COMMITTEE ON UNIVERSITY STATUTES AND SENATE PROCEDURES
(First Reading; Information)

SP.20.23 Proposed Revisions to the *Statutes*, Article I, Section 5 – Chancellors and Vice Presidents, Article II, Section 3a(1) – Faculty Role in Governance, and Article III, Section 1g – The University

BACKGROUND

Articles II and III of the *Statutes* specify that the faculty of the university includes those administrators who are in the direct line of responsibility for academic affairs, specifically directors, deans, the provost (vice chancellor for academic affairs), chancellor/vice president, and president. Department chairs and heads are not specified in this direct line of responsibility in II.3, though their duties in Article IV indicate such responsibilities.

The *Statutes* also specify that at least once every five years there shall be evaluations of the department chair (Article IV, Section 2a), the department head (Article IV, Section 3a), the dean of a college (Article III, Section 3b), and the campus librarian (Article VI, Paragraph e). The *Statutes* do not currently provide for regular evaluations of the vice chancellor for academic affairs and provost and only recently (ST-77, approved by the Board of Trustees in November 2020) provide for a “formal review” of the chancellor/vice president.

The following proposed revisions to *Statutes* would establish clearer language, addressing both matters, establishing and clarifying the senate’s role in the advice and review process of appointing and retaining chancellors, vice chancellors, and provosts. They also clarify the role of department chairs and heads in the direct line of responsibility for academic affairs. Evaluation of an administrator, especially one who is in the direct line of responsibility for academic affairs, is essential for the good of an organization, giving members of the organization an opportunity to voice their suggestions and recommendations. The proposed policy changes are not directed at any individuals currently in these affected positions. SP recommends, therefore, that a performance evaluation be implemented at least once every five years *after* the next initial appointment of the vice chancellor for academic affairs and provost or the chancellor/vice president, unless the incumbent vice chancellor or chancellor agrees otherwise. We further recommend that each university develop general procedures to guide it in its implementation of the evaluation.

RECOMMENDATION

The Senate Committee on University Statutes and Senate Procedures recommends approval of the following revisions to the *Statutes*, Article I, Section 5; Article II, Section 3a(1); and Article III, Section 1g. Text to be deleted is ~~struck through~~ and text to be added is underlined.

PROPOSED REVISIONS TO THE STATUTES, ARTICLE I, SECTION 5

1 **ARTICLE I. SYSTEM ADMINISTRATION**

2 **Section 5. Chancellors/Vice Presidents**

3 There shall be a chancellor at each university of the University of Illinois System who shall also
4 be a vice president of the system (chancellor/vice president). The chancellor/vice president,
5 under the direction of the president, shall serve as the chief executive officer for the university.
6 The chancellor/vice president shall perform such duties as may be delegated and assigned by
7 the president and ~~may be~~ are consistent with the *Statutes* of the University of Illinois System,
8 *The General Rules*, and actions of the Board of Trustees. As system officers, the chancellors/vice
9 presidents have responsibility for advising and working with the president and other system
10 officers to advance the well-being of the entire system as well as their own individual
11 university.

12
13 The chancellor/vice president shall be appointed annually by the Board of Trustees on ~~the~~
14 ~~recommendation of~~ by the president, after confidential consultation with the executive
15 committee of the senate or in a manner to be determined by the senate. ~~On the occasion of~~
16 Prior to the initial appointment of a new chancellor/vice president, or a formal review of an
17 ~~incumbent chancellor/vice president, the president shall have the advice of a committee that is~~
18 ~~selected by the senate of the university concerned~~ shall advise the president on the
19 appointment. In preparing its advice, the committee may seek the counsel of other university
20 bodies regarding criteria for the selection of candidates. The performance of the
21 chancellor/vice president shall be evaluated formally at least once every five years in a manner
22 to be determined by the senate, in consultation with the president.

23
24 **PROPOSED REVISIONS TO THE STATUTES, ARTICLE II, SECTION 3a(1)**

25 **Article II. LEGISLATIVE ORGANIZATION**

26 **Section 3. Faculty Role in Governance**

27 a. (1) The faculty of the University of Illinois System and any of its units except for the Graduate
28 College consists of those members of the academic staff with the rank or title in that unit of
29 professor, associate professor, or assistant professor who are tenured or receiving probationary

30 credit toward tenure, and those administrators in the direct line of responsibility for academic
31 affairs (persons who hold the title chair or head of a department, director or dean ~~in~~ of an
32 academic unit, provost or equivalent officer, chancellor/vice president, and president).
33 Administrative staff members not in the direct line of responsibility for academic affairs are
34 members of the faculty only if they also hold faculty appointments. The bylaws of any academic
35 unit may further mandate a minimum ~~percent~~ percentage faculty appointment in that unit for
36 specified faculty privileges, such as voting privileges.

37

38 **PROPOSED REVISIONS TO THE STATUTES, ARTICLE III, SECTION 1g**

39 **ARTICLE III. UNIVERSITIES, COLLEGES, AND SIMILAR UNIVERSITY UNITS**

40 **Section 1. The University**

41 g. Vice chancellors shall be appointed annually by the Board of Trustees on ~~the~~
42 recommendations of by the chancellor/vice president and the president, after confidential
43 consultation with the executive committee of the senate or in a manner to be determined by
44 the senate. The chancellor/vice president shall on the occasion of each appointment seek the
45 advice of the executive committee of the senate. Prior to the initial appointment of the vice
46 chancellor for academic affairs and provost, a committee that is selected by the senate shall
47 advise the chancellor/vice president on the appointment. In preparing its advice, The executive
48 the committee may seek the counsel of other university bodies in preparing its advice regarding
49 criteria for the selection of candidates. The performance of the vice chancellor for academic
50 affairs and provost shall be evaluated formally at least once every five years in a manner to be
51 determined by the senate, in consultation with the chancellor.

UNIVERSITY OF ILLINOIS URBANA-CHAMPAIGN SENATE
COMMITTEE ON UNIVERSITY STATUTES AND SENATE PROCEDURES
(Final; Action)

SP.21.09 Revision to the *Bylaws*, Part F.5

BACKGROUND

At its November 12, 2020 meeting, the University of Illinois Board of Trustees approved a package of revisions to the *Statutes*, ST-77, which included revisions to Article I provisions that govern the review of University Chancellors, specifying a periodic “formal review” process distinct from the routine annual review of the chancellors.

At its February 8, 2021 meeting, the Senate approved SC.21.08, a resolution designed to address this new formal review step and provide for future formal reviews of the Chancellor: “The Senate Executive Committee shall serve as the review committee for the current (2020-2021) Review of the Chancellor and the Senate Committee on University Statutes and Senate Procedures shall be directed to recommend revisions to the Senate *Bylaws* to articulate the mechanism, consistent with the recently amended *Statutes*, for the Senate to use in future formal reviews.”

The proposed revisions below build on the current language in the *Bylaws* F.5 that provides for the Senate’s input in the appointment of a new chancellor, establishing a parallel model for the new “formal review” process. In addition, SP offers a proposed revision to the same section, revising the final sentences to clarify how campus constituencies may participate in these processes. Finally, F.5 has been given a title, in keeping with F.1-4, each of which are titled.

RECOMMENDATION

The Senate Committee on University Statutes and Senate Procedures recommends the approval of the following revisions to the *Bylaws*. Text to be deleted is ~~struck through~~ and text to be added is underlined. Adoption of amendments to the *Bylaws* requires a two-thirds vote of the Senate.

REVISION TO THE BYLAWS, PART F.5

- 1 **Appointment and Formal Review of the Chancellor.** The Senate shall determine the
- 2 composition of a committee ~~selected by the Senate~~ to advise the President on ~~the occasion of~~
- 3 the appointment of a new chancellor, or on a formal review of an incumbent chancellor as
- 4 initiated by the President via the *Statutes* Article I, Section 5 ~~shall be determined by the Senate.~~
- 5 Such a ~~The~~ Committee will ~~shall~~ include faculty, academic professional, and student members,

6 elected in accordance with Article VI, Section 11 of the Senate *Constitution*, and other
7 University of Illinois Urbana Champaign constituencies as the Senate shall determine. ~~Any~~
8 ~~Representatives of other such~~ University of Illinois ~~at~~ Urbana-Champaign constituencies shall

UNIVERSITY OF ILLINOIS URBANA-CHAMPAIGN SENATE
PRE-FILED RESOLUTION
(Final; Action)

RS.22.01 Resolution to Review Policies on Classroom Contact Tracing

WHEREAS the University of Illinois has established itself as a world leader in its response to the COVID-19 pandemic in educational settings—in part through its development of a saliva test for COVID-19 and its use of the Safer Illinois App to monitor building access and help with contact tracing; and

WHEREAS the University of Illinois has been able to return to in-person teaching in part due to the extremely high levels of vaccination within its populations; and

WHEREAS effective contact tracing has been an integral part of the line of defense that the University of Illinois has been using in its past reactions to the COVID-19 pandemic and is viewed by most epidemiologists as an important ingredient to a successful response; and

WHEREAS COVID-19 and the Delta variant remain serious threats to public health today in our region and throughout the world and other variants are likely to emerge and make continued contact tracing an important part of the University of Illinois’s response to COVID-19 for years to come; and

WHEREAS at the University of Illinois Urbana-Champaign, as part of the “new normal” for in-person teaching, in-person instructors play—and will continue to play—an important role in enforcing various COVID-19 protocols and enhancing the safety and health of the campus community (especially in the classroom and related educational settings); and

WHEREAS in-person instructors are, for example, empowered by the University to check the entry permission status of all the students in the classroom and act upon infractions; and

WHEREAS in-person instructors are also empowered by the University to check the masking of all the students in the classroom and act upon infractions; and

WHEREAS in-person instructors here at UIUC, as front-line personnel with numerous health safety oversight powers as noted above, should also be kept abreast of best practices to expedite effective contact tracing in the classroom and related educational settings; and

WHEREAS some institutions, such as the University of Illinois at Chicago’s School of Public Health,¹ have developed valuable resources for in-person instructors to assist contact tracing in the event of a positive case emerging in their classrooms; and

WHEREAS robust data collection regarding close contacts in classrooms has proven to be of considerable benefit in some educational settings, where it has been used to mitigate the risks of classroom transmission and to assure instructors that all possible measures are being taken to keep classrooms safe; and

WHEREAS the publication of such data, for example about case numbers of possible classroom transmission, may help to ameliorate many fears about classroom safety on the part of instructors and students, as when UIC contact tracers shared data that showed that, in the first four weeks of the Fall 2021 semester, the 90 students who tested positive had been present in a total of 192 classes within the window of their infectiousness but that contact tracers found only one *possible* case of transmission, who was an unvaccinated student;² and

WHEREAS the data collected by UIC contact tracers suggest that classrooms that follow the current classroom masking and building access protocols in place at both UIC and UIUC and have similarly high vaccination rates are currently very safe and that classroom transmission is currently very likely either very low or non-existent at UIUC—even though circumstances may change as the virus evolves and specific data from UIUC could help establish that more clearly;

BE IT THEREFORE RESOLVED that in order to build on the University of Illinois’s past record of success, the Academic Senate’s Executive Committee work with the campus administration to form an ad-hoc committee, comprising relevant stakeholders from across the campus to examine current practices and protocols related to data collection and dissemination in regard to contact tracing in the classroom and related educational settings;

BE IT FURTHER RESOLVED that, more specifically, the ad-hoc committee consider both the CDC’s guidelines for IHEs (institutions of higher education) regarding “policies and procedures to support expedited determination of exposure risk and close contacts”³ as well as the practices of other IHE’s related to contact tracing in the classroom and other educational

UIC’s School of Public Health does all contact tracing for students, staff, and faculty, except for the UIC hospital system which does its own contact tracing. Other universities also have on-campus or “indigenous” contact tracing programs: Yale (<https://covid19.yale.edu/health-guidelines/yale-covid-19-contact-tracing-program>), Brown (<https://healthy.brown.edu/testing-tracing/contact-tracing>), Emory (https://studenthealth.emory.edu/other/COVID/ContactTracing_COVID.html), George Washington (<https://coronavirus.gwu.edu/isolation-tracing#tracing>), Johns Hopkins (<https://covidinfo.jhu.edu/diagnostic-testing/johns-hopkins-covid-19-call-center/>), and University of Washington (<https://www.ehs.washington.edu/covid-19-prevention-and-response/covid-19-case-response>), among others.

settings in order to recommend steps that are judged to be both beneficial and feasible in the specific UIUC context that instructors can take to help contact tracers quickly and effectively identify potential close contacts in their classrooms⁴;

BE IT FURTHER RESOLVED that the committee should explore whether and how anonymized information about every case where a student has tested positive should be maintained in a secure campus database, in which course-related data is collected, including all contact tracing and other risk mitigation steps that may have been taken in each class, for possible use in evaluating the success of these steps and for developing long term risk mitigation strategies to improve the health and safety of our classrooms and related educational settings during the ongoing pandemic, and for providing the university community with regular updates of relevant classroom contact tracing metrics;

BE IT FURTHER RESOLVED that the committee should report on its findings and recommendations to the Academic Senate, ideally before the end of Fall term but no later than the first Senate meeting of Spring term, for discussion.

Presented by Bruce Rosenstock, Senator, Religion, LAS

⁴ For example, in an August 27, 2021 mailing to all instructors, UIC Provost Javier Reyes reported the following steps, suggested by their contact tracing team, that instructors could take:

- Assign seating to all students in your classrooms, or assign students to three- or four-person “pods” that will always sit together in specific sections of the classroom;
- Keep a record of assigned seats with student names and UIN, or the names and UINs of members of the “pod” and their location in the classroom;
- If these steps prove onerous or are otherwise not feasible, ask students to learn the names of the students sitting near them, keep a record for themselves and, if this information changes frequently, submit this information to the instructor at the end of each class;
- In lieu of any of these steps, encourage students to get acquainted with the students they regularly interact with in the classroom;
- Call on students by name, a practice that can foster community building in addition to allowing students to learn the names of the people sitting next to them

Proposal Title**Effective Catalog Term**

Fall 2021

Provide a brief, concise description (not justification) of your proposal.

Establish a Dual Degrees (DD) pathway for the BA Dance and BS Kinesiology undergraduate degrees, which will be housed within the College of Fine & Applied Arts.

Program Justification**Provide *abrief* justification of the program, including highlights of the program objectives, and the careers, occupations, or further educational opportunities for which the program will prepare graduates, when appropriate.**

Responding to rollback revision request 2:

See attached doc: DD Dance_Kines_Response to feedback.docx

Responding to rollback revision request:

This program is part of an approved pilot program for a dual degree pathway which has undergone discussions and approvals from the office of the provost, office of the registrar, undergraduate admissions, DMI, and representatives from each college in the areas of faculty, unit heads, advising, administration, college deans, and financial operations. Since this program is not revising any program requirements beyond what is usual conducted, it will be approved by the workflow representatives in each college, the office of the provost, and the office of the registrar without additional workflow approvals needed, per conversations with appropriate parties mentioned previously.

1. The proposed program differs from the current approach to dual degrees by providing a path for prospective freshman and off-campus transfers to apply into the dual degrees simultaneously. It also involves financial agreement between colleges for splitting tuition rather than relying on split semesters. Overall, it demonstrates an intentional and coordinated effort between both units to students pursuing dual degrees in Dance and Kinesiology.

2. See email attachment of approval from AHS and FAA chief budget officers, along with the Provost's Office regarding the financial agreement.

3. Tuition structure is clarified within this proposal below. No new, additional resources are required to administer this program.

4. A student who elects to drop the dual degrees and pursue only one degree may do so at any time, which would go into effect for the upcoming term. Since no degree requirements are altered and students are pursuing courses in both units every term following a regular timeline, this would not impact degree progress.

5. See attached MOU as evidence of approval from FAA and AHS Deans to support this initiative. Please note that the program proposal now serves as an updated agreement between Kinesiology/AHS and Dance/FAA. At any time, either unit/college may request a deactivation to the registrar's office and both units/colleges will approve the deactivation for the upcoming catalog year, still allowing any currently enrolled students to complete the dual degrees per the agreement.

—

This Dual Degrees (DD) pathway enables students to earn a BA in Dance and BS in Kinesiology in a more seamless manner than current policies allow for.

Students will complete all individual degree requirements for each major, except for FAA 101 which will be waived as a FAA college orientation course. Students will still take both a Dance orientation course (DANC 150) and Kinesiology orientation course (KIN 125) and FAA 101 is commonly waived for transfer students. The 15 hours of required non-Dance classes for the BA Dance will be met with Kinesiology courses and the 18 hours of correlate area studies for the BS Kinesiology will be met with Dance classes. This DD adheres to the campus policy that 30 additional credit hours beyond the first degree be obtained for dual degrees. Both degrees will be awarded concurrently. Advisors have prepared a sample schedule which demonstrates how students could complete the 158 credit hour program. As with most dual degrees, it is designed as a five-year program but may be completed

on an accelerated path in as few as four years and two summers, if students enter as freshman, have their language requirement already completed, and required course sequencing does not conflict. The time to degree completion is largely dependent upon when students begin the programs (fall of first-year recommended).

Prospective freshman and off-campus transfer students will apply directly to the DD. Approximately August 1st, the incoming students will have their program code changed on the Banner student records to dual degrees with a 1D program code for Dance as primary and a 1D program code for Kinesiology as secondary. The application record will not be updated. Enrollment reports will reflect Dance as primary, but with the corresponding major codes the DD students will be easily identifiable for advising and enrollment count purposes. Students will have priority access to courses in both units. A manual split for tuition revenue will occur, with FAA keeping the differential program tuition and both colleges splitting the base tuition accordingly for R/NR/I. Messaging students will clearly identify the benefits of enrolling in this pathway, the time to graduation, and the differential tuition cost. After consultation with the office of financial aid, there were no concerns voiced over this arrangement. Students will remain in FAA as primary for their entire degree, although AHS will provide advising and consider access to scholarships or other programs as residential students would be supported whenever possible.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects impacted by the creation/revision of this program?

No

Program Regulation and Assessment

Briefly describe the plan to assess and improve student learning, including the program's learning objectives; when, how, and where these learning objectives will be assessed; what metrics will be used to signify student's achievement of the stated learning objectives; and the process to ensure assessment results are used to improve student learning. (Describe how the program is aligned with or meets licensure, certification, and/or entitlement requirements, if applicable).

See corresponding programs for individual curricula and course assessment.

The dual degree pathway will be discussed and evaluated annually by the appointed Faculty Coordinators from Dance and Kinesiology.

Is the career/profession for graduates of this program regulated by the State of Illinois?

No

Program of Study

"Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses" (source: <https://www.ibhe.org/assets/files/PrivateAdminRules2017.pdf>). For proposals for new bachelor's degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

All proposals must attach the new or revised version of the Academic Catalog program of study entry. Contact your college office if you have questions.

The BA curriculum in dance is designed to provide an integrated and individualized approach to undergraduate studies of dance. The degree is designed for students who want to explore interdisciplinary approaches to art-making, and/or simultaneously pursue a minor or major in another discipline. Students will study three core areas in Dance: Technique, Creative Process, and Dance Academics. The key other area of interest for this Dual Degree Pathway is Kinesiology. Under the mentorship of a faculty member, students will create a BA Capstone Project in their senior year as a synthesis of the studies within dance and another area of study.

The Kinesiology curriculum leads to a bachelor of science degree that will prepare students for careers in human movement-related fields and/or advanced professional or graduate study. The undergraduate program provides the student with a broad general education, a departmental core integral to the understanding of the diverse aspects of human movement, and a correlate area of courses specific to the student's area of concentration within Kinesiology, which in this Dual Degree Pathway is Dance.

Statement for Programs of Study Catalog

Students are expected to follow all the degree requirements of each degree and may double-count courses, provided the total number of credit hours earned is 158.

Admission Requirements

Desired Effective Admissions Term

Fall 2021

Provide a brief narrative description of the admission requirements for this program. Where relevant, include information about licensure requirements, student background checks, GRE and TOEFL scores, and admission requirements for transfer students.

A NONE major code will be developed upon approval of this proposal, which will be added to the freshman and transfer admissions applications to allow prospective students to apply directly into the BA Dance/BS Kinesiology Dual Degree pathway. While the program is ideal for freshman admissions, off-campus transfer students are still eligible to apply into the pathway with clear communication that it will still require a minimum of four full years to be completed at Illinois. Both colleges will conduct an academic review and FAA/Dance will require a dance audition. Essentially both college admissions committees will be reviewing students admitted into the DD pathway and students will need to meet the criteria of both areas for admission.

Describe how critical academic functions such as admissions and student advising are managed.

This pathway will be added as a major set for New Student Registration under Dance and advising will be coordinated between Dance and Kinesiology advisors. For ongoing advisor, one Dance faculty member is designated to support advising for students in this degree pathway and the Kinesiology advisors assign students by last name. Advising will be done independently and conjunctly to confirm students are meeting all degree requirements.

Financial Resources

How does the unit intend to financially support this proposal?

Update from requested revisions: For the tuition split with AHS, the FAA differential will flow to FAA, and the majors will be split between the two Colleges for IVCB. The IUs will flow as they would otherwise, giving credit to the paying College.

See attached confirmations from Greg Anderson (FAA), Suzanne Rinehart (AHS), and Jamie Hackett (Provost's Office).

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc. Describe how the unit will support student advising, including job placement and/or admission to advanced studies.

One faculty member from each unit will serve as the coordinator on behalf of their unit for this DD, as part of their service. Professional advisors will continue to support students for academic advising. No additional faculty resources are needed beyond what currently exists.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

Current library resources will be sufficient to support the dual degree program.

Market Demand

What market indicators are driving this proposal? If similar programs exist in the state, describe how this program offers a unique opportunity for students:

Primary Competitors are North Carolina State Univ (currently developing a BS in Dance Science) and Elon University (have a BS in Dance Science). Secondary competitors are Texas A&M (BS Kinesiology with Dance Science track), California State Univ Northridge (BS Kinesiology with Dance option), and Univ of Wyoming (BFA Dance with Dance Science concentration). The working group does not believe these competitors diminish the value in moving forward with this collaboration and were unable to find any partnerships which resulted in the opportunity for students to feasibly earn dual degrees.

Explain how the program will meet the needs of regional and state employers, including any state agencies, industries, research centers, or other educational institutions that expressly encouraged the program's development.

Discuss projected future employment and or additional educational opportunities for graduates of this program. Compare estimated demand with the estimated supply of graduates from this program and existing similar programs in the state. Where appropriate, provide documentation by citing data from such sources as employer surveys, current labor market analyses, and future workforce projections.

(Whenever possible, use state and national labor data, such as that from the Illinois Department of Employment Security at <http://ides.illinois.gov/> and/or the U.S. Bureau for Labor Statistics at <http://www.bls.gov/>).

Both departments concurred that the primary advantage to earning dual degrees in Dance and Kinesiology would be to increase the competitive advantage in future career opportunities that students would likely still have pursued with a single degree. The number of open, free electives available to students in this path empowers students to potentially elect a minor or a sub-specialty of choice.

The Dance curriculum enables students to become certified Yoga instructors which may be a desirable career opportunity for students in this dual degree program.

Kinesiology currently offers K-12 teacher certification for physical education and an endorsement in dance may be added, enabling students in this pathway to complete a five-year program earning dual degrees with physical education teacher certification and an endorsement in dance. This would provide students an opportunity to teach both Dance and Kinesiology in the U.S. educational system.

Physical therapy preparatory coursework could also be pursued through free electives although students would likely require a fifth year due to the demands of both majors along with the preparatory coursework. Earning a Doctorate in Physical Therapy was identified as an appealing profession that many students are drawn to and would be greatly served through the preparatory coursework available in this dual degree program.

The Texas A&M Career Center states that Kinesiology Dance Science majors become, "professionals who are employed by dance companies and dance training facilities throughout the world to devise effective training programs as well as advise dancers regarding nutrition and injury prevention/care" and report potential professions such as "Dance Medicine Physician, Dance Teacher, Massage Therapist, Nutritionist, Physical Therapist, Trainer, Pilates Instructor, Researcher, and more" (https://careercenter.tamu.edu/Resources/Exploring_Career_Paths/Careers-Salaries-and-Employers-by-Major/Kinesiology-Dance-Science).

The Elon University Dance Science program states that graduates "pursue careers as dance teachers, conditioning and fitness coaches, kinesiotherapists, and researchers in a variety of fields including biomechanics, physiology, somatics, and psychology. This degree prepares students for graduate study in a variety of disciplines including physical or occupational therapy, dance education, dance science, exercise science, medicine" (http://www.elon.edu/e-web/admissions/majorsheets/dance_science.xhtml).

What resources will be provided to assist students with job placement?

Students may receive support from FAA Career Services, AHS Career Services, and the UIUC Career Center for assistance with internship and job placement.

Program Reviewer Comments

Keiko Ishikawa (ishikak) (Fri, 07 May 2021 04:03:22 GMT):This application proposes development of Dual Degrees (DD) pathway for students to earn a BA in Dance and BS in Kinesiology. The proposal is well-developed and I can see how it would help expand career options for the students. The application mentioned that there are similar programs in other institutions, which suggests the potential for this program. The application said "This DD pathway enables students to earn a BA in Dance and BS in Kinesiology in a more seamless manner than current policies allow for." It was unclear to me how the previous program differs from the proposed program.

Justin Aronoff (jaronoff) (Fri, 07 May 2021 05:44:30 GMT):Please provide a letter of support/financial agreement from Kinesiology. Additionally, what would happen if a student is part-way through the dual program and decides that they only want to complete one of the majors, given that they would not have the appropriate electives. Is there a way for them to do that without adding substantial time to their degree program?

Naiman Khan (nakhan2) (Fri, 07 May 2021 11:14:43 GMT):The DD proposal will allow students to receive a BA in Dance and BS in Kinesiology within a 4-5 year time frame. The proposal is well-written and justified. There are logical advantages of obtaining a degree in dance for KIN students, particularly those interested in yoga and dance as a therapeutic approach. I agree with the comments above that a letter of support/agreement from both programs and clarification on the procedures for those who might drop out is needed.

Liza Berdychevsky (lizabk) (Fri, 07 May 2021 15:52:29 GMT):The proposal is well-written and justified. I agree with my colleagues' comments. Nothing else to add.

Reggie Alston (alston) (Fri, 07 May 2021 16:31:08 GMT):Under Financial Resources, the writer doesn't full explain how the unit intends to pay for the dual degree program. Only a vague tuition structure is provided.

Reggie Alston (alston) (Fri, 07 May 2021 17:26:58 GMT):Rollback: Is there a severability clause, which would allow a student to withdraw from one program if desired and still graduate with a degree from one or the other. Please address other comments as well. Thanks.

Kathy Martensen (kmartens) (Wed, 23 Jun 2021 13:19:08 GMT):Rollback: Email exchange w/ L. Moorhouse of 6/22/21.

Subject: FW: Tuition Rate for new program in Dance

FYI. I answered Jamie's question in the affirmative, as that is my understanding with the splits.

Thank you for proactively reaching out, Greg. As FAA is pre-approved for this rates I have no concerns with the tuition rate.

For the tuition split with AHS, I understand the FAA differential will flow to FAA, and that the majors will be split between the two Colleges for IVCB. The IUs will flow as they would otherwise, giving credit to the paying College. Is that also your understanding?

Thank you,

Jamie

Subject: Tuition Rate for new program in Dance

Hi Greg,

This is the same request as earlier for another new program in development which we are being asked to inform the Provost's Office Budget team now about the intended tuition rate, for a currently existing tuition rate. The program is not approved yet. Contact email is: provostbudget@illinois.edu.

DD: Dance, BA and Kinesiology, BS

This program will charge the Fine & Applied Arts Undergraduate Tuition rate, distinguished by Residents, Nonresidents, and International.
Proposal is attached.

Thank you,

Nicole Turner, Ph.D.

**MEMORANDUM OF UNDERSTANDING
COLLEGE OF FINE AND APPLIED ARTS
AND
COLLEGE OF APPLIED HEALTH SCIENCES**

This Memorandum of Understanding (MOU) is entered into as of the date of final executing signature, by and between, the College of Fine and Applied Arts (FAA) and the College of Applied Health Sciences (AHS) at the University of Illinois, to develop a dual degree pathway between the Bachelor of Art in Dance and Bachelor of Science in Kinesiology.

FAA and AHS (together “The Units”) are effectuated through the development of a positive, professional, and collaborative relationship between these two University of Illinois Units, agree to formalize their relationship as further defined below.

This MOU addresses the basic relationship, roles, and responsibilities of the Units and leaves for later agreement additional terms as needed for the evolving nature of any partnership and leaves for further clarification to be defined with the policies and procedures of both of the Units.

- I. Purpose
 - A. To develop, enhance, and maintain a dual degree pathway for undergraduate students through coordinated efforts between the units
 - B. To identify a sample plan of study for students declaring a Bachelor of Arts degree in Dance and a Bachelor of Science degree in Kinesiology
 - C. To establish the processes for primary and secondary degree declaration, identifying terms for college residency, acknowledging that only the primary degree drives tuition generated
 - D. To determine a collaborative approach to admissions for prospective freshmen, off-campus transfer students, and inter-college transfer (ICT) students
 - E. To identify a shared approach for marketing and recruitment communications to the dual degree pathway
- II. Expectations
 - A. The Units agree to meet no less than one time per academic year to discuss issues that fall within the scope of this MOU.
 - i. The Units shall designate “Coordinators” who serve as primary administrative contacts between the Units. To the maximum extent possible and unless otherwise approved by the Units, all administrative communications between the Units is made via the Coordinators.
 - ii. The Coordinators are empowered to delegate this authority as required.
 - iii. The Coordinators can be reassigned or changed by the individuals within the Signatory roles of this MOU and changes are communicated in writing to the other Units.
 - iv. The Coordinator from Kinesiology will schedule the annual meeting.
 - v. Among the issues to be discussed are enrollment, marketing and recruitment, college residency balances, course registration, and curricula.
 - B. Major declaration and initial course access

- i. Students who begin as freshman in Kinesiology: May complete the Dance audition in the fall term and, with a successful audition, receive overrides to Dance classes in the spring term. They may also audition in the spring term.
- ii. Students who begin as freshman in Dance: Will complete ICT application to Kinesiology in spring of freshmen year. Dance advisors may request overrides to first-year Kinesiology major courses for students submitting their ICT application to Kinesiology.
- iii. Dance/FAA will accept ICTs in spring of freshman year, contingent on successful fall audition, and agreement of other college
- iv. Both Units will encourage and support students to complete dual degree paperwork for both colleges in the first year so dual degrees are declared for fall of sophomore year.

C. Curricula

- i. Students with primary and secondary degrees automatically receive major course access for both.
- ii. Both Units agree that studio and lab space is available in major courses for both degrees for 15 additional students through this partnership, and enrollments will be reviewed annually together. No additional resources are needed with this maximum if current resources are maintained.
- iii. BA Dance ‘Hours in non-Dance classes, chose in consultation with an advisor’ also known as ‘focused electives’ (15 hours) will be met through Kinesiology degree requirements
- iv. BS Kinesiology ‘Correlate Area Studies’ (18 hours) will be met through Dance degree requirements
- v. Students who begin their first year in Kinesiology will be exempt from FAA 101
- vi. Students will need to earn 158 hours minimum to earn the dual degrees, which adheres to Student Code 3-801 of 30 hours additional beyond the first bachelor’s degree
- vii. The first bachelor’s degree and additional bachelor’s degree will be awarded concurrently

D. College Residency and Tuition Flow

- i. All current campus and colleges processes and policies will apply
- ii. Students’ primary major will drive tuition and thus the following plan for college residency will be followed, with the responsibility on the college residency is switching *to*:

Degree Residency (required to list when students complete the dual degree paperwork)				
	Students starting in Dance	Students starting in Kinesiology	Students starting in DGS/other IL major	Off-Campus Transfers
Year 1 Primary Major	Dance	Kinesiology	Other	Other
Year 2 Primary Major	Dance	Kinesiology	Dance	Major A (student choice)
Year 3 Primary Major	Kinesiology	Dance	Dance	Major A
Year 4 Primary Major	Kinesiology	Dance	Kinesiology	Major B
Year 5 Primary Major	Dance	Kinesiology	Kinesiology	Major B

- iii. Students are not eligible to continue receiving any Talented Student Award scholarships (awarded from the UIUC Department of Dance or College of Fine & Applied Arts) while Dance is the secondary major. AHS scholarship eligibility is dependent on type of scholarship.

E. Other

- i. The BA in Dance requires a capstone with faculty committee review, and dual degree candidates will include one faculty member from the Department of Kinesiology
- ii. Both Units will identify college and unit specific web presence and materials to demonstrate the collaboration. Dance will take primary lead on development of marketing materials, with input and approval from Kinesiology, and acknowledgement that joint printed materials may have a shared cost.
- iii. Both Units will collaborate to offer inter-college transfer support and materials targeting first-year students not enrolled in FAA or AHS

III. Term, termination, and Modification

- A. This MOU is effective upon the last date of signing below.
- B. This MOU remains in effect for an initial period of two (2) years, after which it may be renewed upon mutual agreements by The Units.
- C. This MOU may be modified in writing and signed by the Unit Coordinators.
- D. Any Unit may unilaterally withdraw any time from this MOU by providing written notice to the other Unit. This MOU is considered terminated thirty (30) days from notice from the withdrawing Unit. Even if terminated, all students currently pursuing dual degrees in Kinesiology and Dance will still be supported to complete both curriculums and degrees.

V. GENERAL

- A. **Promotion.** No Unit is permitted to use the other Units name in any advertising, promotion, or literature without first obtaining written consent of the Unit.
- B. **Entire Understanding and Amendment.** This Understanding is the entire understanding between the Units and supersedes and rescinds all prior agreements relating to these subjects. The Units certify the terms of this understanding are binding and its duly authorized coordinators signed this understanding after having carefully read and understood the same.

In witness thereof, the Units hereto have caused this Memorandum of Understanding to be duly executed by their authorized coordinators as of the dates indicated below.

Response to feedback from Senate EPC Chair & Subcommittee Chairs

June 23, 2021

- 1. The proposal talks about K-12 certification. Can students receive teacher certification in both dance and kinesiology in this dual program, or just one area? Or not at all? This was unclear to us.**

This has been clarified in the 'employment outlook' section. Students pursuing a 5-year plan for the BA Dance/BS Kinesiology dual degrees would be well prepared to pursue Physical Education (PE) teacher licensure & Dance endorsement. PE teacher licensure includes minimal credit hours beyond the total hours required for BS Kinesiology/BA Dance degrees (approx. 3 credit hours), but the free electives students usually pick become fully designated toward the PE curriculum, decreasing their choice and flexibility within the curricula. Students also need to participate in school placements, which could be completed within a five-year program with the last semester being fully embedded in a school. Required coursework for a Dance endorsement added to the PE teacher licensure is embedded into the dual degree pathway (18 semester hours) and students would need to pass the Dance subsequent teaching endorsement Dance 209 test and first hold a Professional Educator License (PEL) or Educator License with Stipulations endorsed in a teaching field (such as PE) to add the Dance content area endorsement.

- 2. Are students expected to earn both degrees in four years? The 4-year plan Nicole sent me implies four years (attached). Are we sure this can happen? The pre-reqs for some of the courses are not in the 4-year plan. The pre-reqs should be explained somewhere. These can also live in the curriculum table (Notes section).**

Original language stated that the program could be completed in "as few as four years and two summers, if they enter as freshman." Language added to this statement in program description to clarify that, as with most dual degree programs, it was designed as a five-year experience but it may be possible to complete it in as few as four years and two summers, if students enter as freshman and required course sequencing does not overlap.

Regarding prerequisites:

Response from KIN academic advisor, Cassie Meinert, 6.23.21: Amy and I actually asked about this prerequisite recently so I will copy the MCB department response below. Our students have never been required to take the prerequisite courses listed but they do provide supplemental CHEM material for students to review if they would like/need to. That said, many of our students do end up taking CHEM in their freshman year based upon their career intentions (PT, Medicine, etc.). With this, the schedule that we have OK'd is still okay and correct in regard to these prerequisites, according to the language from the MCB department.

Response from MCB: "We are still supplying the necessary chemistry and also provide supplemental information for students to access."

Because there is no change or difference in requirements for the dual degree sequence compared to the BS in Kinesiology, the required MCB courses do not enforce the prerequisite and provide the needed student support to excel in the course, and there is an opportunity to complete a Physical Science General Education course such as Chemistry in the summer after freshman year, no changes are made to the curriculum table or notes section.

3. If admitted to this program and a student needs five years to complete both degrees, what are the implications, if any, on financial aid?

Students would be advised to consult with financial aid when accepting an offer to join the dual degree pathway. Some common aid types include Illinois Commitment which covers four years/eight semesters only, Illinois Promise has the same but also allows for petitions to receive funding beyond 4 years. MAP (Monetary Award Program) grants cover up to 135 semester credit hours (~9 semesters). The Federal Pell Grant is eligible for 12 full-semester terms (~6 years). Financial aid is dependent on a full package, unique to each student and no claims about financial aid are made in the proposal for this reason.

4. We feel the advertising of this program will be really important...that's why all the questions.

We agree and the communication of implications to students will be important to have both units review (which they have agreed to) before anything is sent or published for this reason.

5. With the 4-year sample schedule Nicole sent me, taking the days and times of when courses are listed right now:

- a. **First year, Spring – KIN 122 conflicts with DANC 160 on F at 11a. Online asynchronous option of KIN 122?** KIN 122 has online asynchronous options in fall and spring. Additionally, it may be completed in the summer after freshman year if needed.
- b. **Sophomore year, Fall- MCB 244/245 has a CHEM 101 or 102/103 Prereq which has a prereq of MATH 114; or credit.** See above note regarding prerequisites. The sample schedule includes Quantitative Reasoning I general education (a higher level than MATH 114) taken in summer after freshman year, prior to MCB and MCB will provide needed chemistry knowledge within the courses.
- c. **Sophomore year, Spring – MCB 246/247 – also has CHEM 101 or 102/103 prereq which has MATH 114 prereq.** See above note regarding prerequisites. The sample schedule includes Quantitative Reasoning I general education (a higher level than MATH 114) taken in summer after freshman year, prior to MCB, and Quantitative Reasoning II in the same term as MCB 246/247. MCB will provide needed chemistry knowledge within the courses.
- d. **Junior Year, Fall- Conflict with DANC 362 and KIN 352 – MW 3-3:50pm.** FA 19 did not pose a conflict, but FA 20 and FA 21 have. The Dance curriculum is flexible and DANC 362 could be taken the following fall (or spring, if offered) if it presents a conflict in future years.
- e. **Junior Year, Spring – DANC 260 listed as an option but it conflicts with KIN 355.** Both courses are offered fall and spring terms with no conflicts in SP 21, FA 21 or the FA 19 and SP 19 which the sample schedule was based off of. Since there was a conflict in SP 20, DANC 260 could be delayed a semester if needed.

6. With the above, how will the advisors work together to make sure students can maneuver through this in four years? Or should we not imply two degrees in four years is a definite possibility?

The time to degree completion is largely dependent upon when students begin the programs. Students who begin after freshman year may need additional semesters to complete the dual degrees (particularly with regards to PE certification).

When the sample schedule for the 4 years and two summers was developed (winter 2019-2020), advisors from both units noted required courses each summer and the times offered finding no conflicts. Therefore, the report from March 2020 stated as such. The BA Dance curriculum is quite flexible and was designed to accommodate dual degrees, so a copy of the KIN required course sequences and schedules was developed and Dance agreed they would be able to adhere to this. In April 2021, the Dance department had some planned changes to core courses and conducted an additional thorough review of the required course times in KIN and confirmed the 4-year sample schedule would work. Similarly for students on a 5-year track pursuing PE licensure with Dance endorsement within the Dance/Kinesiology dual degrees, the timetables were reviewed in March 2021 to confirm the PE courses did not overlap.

The sample schedule reviewed by EPC was not submitted as part of the proposal and is considered an advising tool, subject to change. Professors sometimes request changes to the times their courses are offered and as such, future course time conflicts could arise. We will update language about the program completion timeframe to avoid any perception of guarantees. We will also have the advisors meet to establish a regular five-year course plan for students who do not wish or are not able to follow the accelerated pathway.

Advisors from Dance & Kinesiology have collaborated on an almost-monthly basis since October 2019 and have a willingness to closely support students moving through this pathway, beginning with new student registration.

7. In the CIM-P curriculum table, what does the "3" mean in KIN 140, 150, 20, 259 and 340? There is not a Notes table that I can see in CIM-P:

This was an error when copying the degree table from the KIN program of study. KIN uses the ³ to notate major courses which also fulfill General Education requirements. I have deleted the ³ notations from the DD degree requirements table.

Hi Nicole:

Below are the notes I took yesterday when the EPC subcommittee chairs met. All of us are in favor of the program. Because this would be a prototype, we think it's really important to make sure this

proposal is crystal clear in how this works, and transparent with all courses and budget. We had no questions regarding the budget area.

EP.22.020 Report of Administrative Approvals through October 4, 2021

Senate committees are authorized to act for and in the name of the Senate on minor matters. Below is a listing of the administrative approvals the Senate Committee on Educational Policy approved at its meeting on October 4, 2021. Additional information for each approval is attached.

A. Graduate Programs

- 1) **MS in Statistics** – in the list of courses from which students are to select one, add STAT 528, Advanced Regression Analysis (4 hours); STAT 533, Advanced Stochastic Processes (4 hours); and STAT 556, Advanced Time Series Analysis (4 hours). There is no change to the total number of hours required for the degree.
- 2) **Analytics Concentration in the MS in Statistics** – revise the required courses list to note that STAT 410.MATH 464, Statistics and Probability II, or equivalent proficiency, may be waived with approval. In the first list of courses from which students are to select one, add STAT 528, Advanced Regression Analysis (4 hours); STAT 533, Advanced Stochastic Processes (4 hours); and STAT 556, Advanced Time Series Analysis (4 hours). In the second list of courses from which students are to select one, add STAT 447, Data Science Programming Methods (4 hours). There is no change to the total number of hours required for the degree.
- 3) **Statistics Departmental Course List for Graduate Programs in Statistics** – add STAT 447, Data Science Programming Methods (4 hours); STAT 528, Advanced Regression Analysis (4 hours); STAT 533, Advanced Stochastic Processes (4 hours); STAT 556, Advanced Time Series Analysis (4 hours); STAT 576 - Empirical Process Theory and Weak Convergence (4 hours). The revisions to this course list do not alter the total number of hours required for any major, minor, or concentration.

B. Undergraduate Programs

- 1) **BS in Media and Cinema Studies** – the rubric for 21st Century Documentaries has been revised from MDIA 380 to MACS 380 (3 hours). The list of Thematic Area courses from which students select 5 additional courses from at least 2 areas needs to be updated to reflect this change in the Media Industries & Cultures Area and the Media Making, Design and Research area. There is no impact on the number of hours required in any area or for the degree.

EP.22.030 Report of Administrative Approvals through October 11, 2021

Senate committees are authorized to act for and in the name of the Senate on minor matters. Below is a listing of the administrative approvals the Senate Committee on Educational Policy approved at its meeting on October 11, 2021. Additional information for each approval is attached.

A. Undergraduate Programs

- 1) **BS in Computer Engineering** – in the “Graduate Requirements” text at the top of the Program of Study table, add a link to the campus’ General Education requirements website, noting students must complete these requirements along with the language requirement. In the Technical Electives section, add a note to clarify these are taken from the Departmentally Approved List of Technical Electives and are to include at least 1 Electrical Engineering Foundations course, at least 3 Advanced Computing Electives courses, and at least 1 Design Electives course for a total of 29 hours. Organize the list of courses so they are under each of these appropriate subcategories of Technical Electives and have headers accordingly. Remove AE 427, Mechanicals of Polymers (3 hours); ATMS 425, Air Quality Modeling (4 hours); CS 173, Discrete Structures (3 hours); CS 225, Data Structures (4 hours); ECE 374, Introduction to Algorithms & Models of Computation (4 hours); ECE 391, Computer Systems Engineering (4 hours); MATH 213, Basic Discrete Mathematics (3 hours); MATH 416, Abstract Linear Algebra (3 or 4 hours); ME 450, Modeling Materials Processing (3 hours); CS 498, Special Topics sections MP: Logic for Computer Science; VR: Virtual Reality; and AML, Applied Machine Learning (1-4 hours); and ECE 498, Special Topics in ECE section RC: Smart Phone Computing and Applications (0-4 hours). Add BIOE 485, Computational Mathematics for Machine Learning and Imaging (4 hours); CS 435, Cloud Networking (3 or 4 hours); ECE 407, Cryptography (3 or 4 hours); ECE 442, Silicon Photonics (3 or 4 hours); ECE 298, Special Topics – as approved (1-4 hours); STAT 425, Statistical Modeling I (3 or 4 hours); CS 441, Applied Machine Learning (3 or 4 hours); and ECE 484, Principles of Safe Autonomy (4 hours). There is no change to the total hours required for the degree.
- 2) **BS in Electrical Engineering** – in the “Graduate Requirements” text at the top of the Program of Study table, add a link to the campus’ General Education requirements website, noting students must complete these requirements along with the language requirement. In the Technical Electives section, add a note to clarify these are taken from the Departmentally Approved List of Technical Electives and are to include at least 6 hours of non-ECE electives, at least 20 hours of ECE electives, at least 3 Advanced Core Electives, and at least 3 ECE Labs, where at least 1 must be a Hardware Lab for a total of 30 hours. Organize the list of courses so they are under each of these appropriate subcategories of Technical Electives and have headers accordingly. Remove AE 427, Mechanicals of Polymers (3 hours); ATMS 425, Air Quality Modeling (4 hours); ECE 329, Fields and Waves I (3 hours); ECE 340, Semiconductor Electronics (3 hours); ECE 445, Senior Design Project Lab (4 hours); ECE 496, Senior Research Project (2 hours); ECE 499, Senior Thesis (2 hours); MATH 416, Abstract Linear Algebra (3 or 4 hours); and ME 450, Modeling Materials Processing (3 hours). Add BIOE 485, Computational Mathematics for Machine

Learning and Imaging (4 hours); CS 416, Data Visualization (3 or 4 hours); CS 435, Cloud Networking (3 or 4 hours); CS 441, Applied Machine Learning (3 or 4 hours); ECE 407, Cryptography (3 or 4 hours); ECE 442, Silicon Photonics (3 or 4 hours); ECE 298, Special Topics – as approved (1-4 hours); STAT 425, Statistical Modeling I (3 or 4 hours); and ECE 484, Principles of Safe Autonomy (4 hours)/ There is no change to the total hours required for the degree.

- 3) Minor in Electrical and Computer Engineering** – in the Programming Requirement section, clarify the “Select one of the following (with no particular preference)” to add “unless ECE 220 is taken. Remove CS 125, Intro Computing: Engrg & Sci (4 hours) and add CS 124, Introduction to Computer Science I (3 hours). In the “Select one of the following options...” lists, add the total number of hours required from each list for clarity (10-11 for the Electrical Engineering Option and 15-16 for the Computing Engineering Option). There is no change to the total hours required for the minor.
