Proposal Title

Effective Catalog Term Fall 2022

Provide a brief, concise description (not justification) of your proposal.

FSHN is changing all concentrations to majors. Since the concentrations will be majors, an all encompassing Food Science and Human Nutrition, BS is no longer needed and should be phased out.

List here any related proposals/revisions and their keys. *Example: This BS proposal (key 567) is related to the Concentration A proposal (key 145) and the Concentration B proposal (key 203).*

This BS phasedown proposal (key 81) is related to:

Dietetics Concentration Phase down (key 554)
Food Science Concentration Phase down (key 646)
Hospitality Management Concentration Phase down (key 648)
Human Nutrition Concentration Phase down (key 647)

Dietetics and Nutrition, BS new major request (key 1102)
Hospitality Management, BS new major request (key 1099)
Food Science, BS new major request (key1101)
Nutrition and Pre-Health, BS new major request (key1103)

Program Justification

Why are these changes necessary?

The department of Food Science and Human Nutrition is changing their 4 undergrad concentrations to majors. Once the new majors are approved and the concentrations are phased out, there will no longer be a need for a Food Science and Human Nutrition, BS. This only existed as the major that was tied to each concentration.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

Does the program include other courses/subjects impacted by the creation/revision of this program?

No

Program Regulation and Assessment

Briefly describe the plan to assess and improve student learning, including the program's learning objectives; when, how, and where these learning objectives will be assessed; what metrics will be used to signify student's achievement of the stated learning objectives; and the process to ensure assessment results are used to improve student learning. (Describe how the program is aligned with or meets licensure, certification, and/or entitlement requirements, if applicable).

[This is a phase down request. We are changing all concentrations to a stand alone major.](#)

Is the career/profession for graduates of this program regulated by the State of Illinois?

No

Program of Study

"Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses" (source: <https://www.ibhe.org/assets/files/PrivateAdminRules2017.pdf>). For proposals for new bachelor's degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

All proposals must attach the new or revised version of the Academic Catalog program of study entry. Contact your college office if you have questions.
