COMMITTEE ON EDUCATIONAL POLICY  
(Final; Information)

EP.25.022 Report of Changes in Temporary Suspension Status Through October 7, 2024

Listed below are changes in temporary suspensions to admissions status (including adding, removing, or extending such an extension) reported at the October 7, 2024 meeting of the Senate Committee on Educational Policy. Additional information for each proposal is attached.

A. Graduate Programs

1. **Temporary Suspension of Admission to the Doctor of Audiology in Audiology in the College of Applied Health Sciences and the Graduate College (key 522)** - We are requesting a temporary suspension of admissions to this program. Admission will be suspended for Fall 25, Spring 26, and Summer 26. We have made this decision to explore ways to strengthen our program, such as merging strengths and assets with other programs and/or better utilizing the University of Illinois' strengths in addressing the needs related to advancing audiology in the state. We request a one-year suspension to provide us time to consider options and develop a strategic plan.
