List the role for rollbacks (which role will edit the proposal on questions from EPC, e.g., Dept Head or Initiator) and/or any additional stakeholders. Purpose: List here who will do the editing work if proposal needs rolled back. And any other stakeholders.

Does this program have inter-departmental administration?

No

Proposal Title

Effective Catalog Term Spring 2025

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberals Art and Sciences, include the Graduate College for Grad Programs)

Eliminate the Concentration in Athletic Training in the Bachelor of Science in Kinesiology in the College of Applied Health Sciences

Does this proposal have any related proposals that will also be revised during the next 6 weeks? Consider Majors, Minors, Concentrations & Joint Programs in your department. Please know that this information is used administratively to move related proposals through workflow efficiently. Example: If you are revising the BS proposal and one related concentration within the next 6 weeks, "This BS proposal (key 567) is related to the Concentration A proposal (key 145)."

Program Justification

Provide a brief description of what changes are being made to the program.

This proposal is to deactivate the Athletic Training concentration in Kinesiology, as we no longer admit/enroll students to/in this program.

Why are these changes necessary?

We have not admitted students to this program since the 2008-2009 academic year and have not enrolled students in this program since 2011. It was determined at that time that we would no longer offer either the concentration in Athletic Training or the Athletic Training major. This decision was based on the high cost of running the program, as well as the retirement of key faculty members.

In 2015, the National Athletic Trainer's Association (NATA) Board of Directors and the Commissioners of the Commission on Accreditation of Athletic Training Education CAATE agreed to establish the professional degree in athletic training at the master's level, thereby requiring that professional programs be at the master's degree level with a specific implementation deadline of no less than seven years. Because we did not transition our program to a master's degree program during this timeframe, our program no longer meets the necessary requirements to prepare future athletic trainers.

The program was temporarily suspended over the 2023-2024 academic year. After much discussion and evaluation, it was determined that we are not in a position to redevelop our program as a master's level program at this time, will not admit students in the near future, and should therefore deactivate the program.

Students are not required to choose a specific concentration and can graduate with a Kinesiology, BS, so this change would have minimal to no impact on currently enrolled students.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

List the program's student learning outcomes. Each outcome should identify what students are expected to know and/or be able to do upon completing this program.

1. The student will be able to demonstrate assessment procedures for overall wellness including injury prevention techniques.
2. The student will be able to evaluate pathologies through the use of evidence-based assessment techniques.
3. The student will be able to demonstrate how to provide care during acute and emergency situations.
4. The student will be able to implement evidence-based therapeutic treatments and rehabilitation protocols for various pathologies.
5. The student will be able to demonstrate the components of healthcare administration while having the knowledge of maintaining professional health and well-being.
6. The student will be able to demonstrate mastery of the knowledge and skills necessary to effectively perform as an entry-level Certified Athletic Trainer as defined by the program's accrediting body.

Describe how, when, and where these learning outcomes will be assessed.

Describe here:

Not applicable at this time

Identify faculty expectations for students' achievement of each of the stated student learning outcomes. What score, rating, or level of expertise will signify that students have met each outcome? Provide rating rubrics as necessary.

Not applicable at this time

Explain the process that will be implemented to ensure that assessment results are used to improve student learning.

Financial Resources

How does the unit intend to financially support this proposal?

Will the unit need to seek campus or other external resources?

No

Attach letters of support

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc.

Deactivating this program will have no impact on faculty resources. We have not enrolled students in this program since 2010 so there will be no change to current teaching loads, class sizes, or student-faculty ratios.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

The deactivation of this program will have no impact on the Library. Library collections, resources and services are sufficient to support this proposal.

Subject: Notice of Deactivation: Athletic Training Concentration, Kinesiology

Dear Dr. Gulley,

I hope this message finds you well. I am a faculty member in the Department of Health and Kinesiology. After much discussion and consideration, we have made the decision to deactivate the Athletic Training concentration in Kinesiology. We have not admitted students into this program since the Fall of 2008 and have not enrolled students in the program since the Spring of 2012. Because the program of study had included both PSYC 216 and PSYC 238, we wanted to make you aware of the change. We are in the process of submitting the deactivation proposal and would appreciate it if you would acknowledge receipt of this message. Please feel free to reach out with any questions. Thanks!

Best,
Kristi

U Program Review Comments KEY 1157 Kinesiology: Athletic Training, BS

1. To help reviewers, include more information in the justification response, why are these changes necessary, about why you hadn't admitted students to the program since Fall 2008, that it had temporary suspension of admission (and when and how long), and what has led to deactivating the program.
