Proposal Title

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberal Arts and Sciences, include the Graduate College for Grad Programs)

Revise the Concentration in Lighting Design & Technology in the Bachelor of Fine Arts in Theatre in the College of Fine and Applied Arts

Does this proposal have any related proposals that will also be revised at this time and the programs depend on each other? Consider Majors, Minors, Concentrations & Joint Programs in your department. Please know that this information is used administratively to move related proposals through workflow efficiently and together as needed. Format your response like the following "This BS proposal (key 567) is related to the Concentration A proposal (key 145)"

This Lighting Design & Technology (key 681) concentration proposal is related to the BFA proposal (key 146) and concentration proposals for Acting (key 679), Costume Design & Technology (key 680), Scenic Technology (key 683), Scenic Design (key 682), Sound Design & Technology (key 684), Arts & Entertainment Technology (key 950), Stage Management (key 685), and Theatre Studies (key 686).

Program Justification

Provide a brief description, using a numbered item list, of the proposed changes to the program.

1. Eliminate category, "General Non-Theatre Electives" and 9 hours required in category
2. Update THEA 121 requirement, from 3 to 2 hours
3. Reduce degree hours from 128 to 120.
4. Update THEA core hours, from 24 to 23 hours
5. Update Summary of Credits table

Did the program content change 25% or more in relation to the total credit hours, since the most recent university accreditation visit? See the italicized text below for more details.

No

Provide the reasoning for why each change was necessary, using a corresponding numbered item list as it relates to the brief description numbered list above.

1. The University of Illinois at Urbana-Champaign Department of Theatre withdrew from National Association of Schools of Theatre (NAST) Membership during the 2016-2017 academic year. NAST has a specific BFA expectation that states: "Specific Recommendations for General Studies" (pg. 99 NAST Handbook 25-26), which are then detailed for the various concentrations within the theatre concentrations (history, foreign language, media, cultural studies, etc.) Because the department elected to withdraw from NAST and students are free to take any free electives of their choosing to complete the degree, this category is not necessary. Students may elect to take free electives in any area as this category is eliminated.
2. THEA 121 was recently revised and approved to change from 3 to 2 hours (FA 26 approval attached). This updates the POS table.
3. With the reduction of 10 credit hours of specific requirements, there is no need to have a 128 credit hour degree when the campus minimum is 120 hours. The Office of the Provost manages a UI system audit (last conducted June 2025), which asks for a list of and justification for all bachelor's degrees that exceed 120 hours. The response from theatre this year was: "The typical BFA is between 120-130 hours, and in that regard, this program is in align with peer programs. This is actually one of the ways Theatre departments distinguish between BA and BFA experiences. As an intensive, pre-professional training program, this program offers significant, specialized training in each area, which adds to the credit load. The biggest factor that grows the minimum number is that the Department of Theatre gives credit hours for production work. As such, students who act, design, tech, manage, or otherwise work on a performance with the department get credit for that work. Many programs do not give credit for such work, but the UIUC Department of Theatre sees it as fully curricular and do credit it." This proposal makes no changes to the production work students are receiving credit for, but rather have examined the total credit hours for the major and degree and no longer have a justification for needing 128 hours. With the program changes outlined in this proposal, students will complete approx. 35 general education hours, 23 core theatre hours, 49-51 concentration hours, and 10-13 free elective hours to equal 120.
4. Due to the decrease in 1 hour from THEA 121, the THEA core requirements have decreased by 1 hour.
5. The summary of credits table is edited to change the core requirements to 23 hours, eliminate the general non-theatre electives line, and update the total degree hours to 120. This reflects accuracy from the above program changes.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/
proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program? If Yes is selected, indicate the appropriate courses and attach the letter of support/acknowledgement.

Catalog Page Overview Text

Level 21: Design, Technology and Management Concentrations

Level 21 reflects the design, technology and management disciplines in theatre arts. It has seven unique yet inter-related concentrations in: Arts + Entertainment Technology, Costume Design + Technology, Lighting Design + Technology, Scene Design, Scenic Technology, Sound Design + Technology, and Stage Management. Freshman and sophomore students learn the foundations of theatrical production with a focus on acquiring practical skills for application in advanced course work and in theatre productions. Junior and senior students participate in advanced study in their chosen discipline supported by one-on-one faculty mentoring of assigned projects. Students in this area are the designers, technicians, managers, artisans and crew for over a dozen theater, musical theater, dance and opera productions at Krannert Center for the Performing Arts and work on these shows in various roles throughout their entire course of study.

Is the overview text above correct?

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

Are the learning outcomes for the program listed in the Academic Catalog?

Yes

Student Learning Outcomes

Student Learning Outcomes

- o Demonstrates working knowledge of professional practices across genres of theatre, musical theatre, opera, dance and non-traditional venues and styles of design.
- o Gain the practical ability to see their designs come to life from concept through realization by collaborating on current productions with peers, faculty, staff and guest artists.
- o Demonstrates necessary skills and knowledge to acquire an entry-level position in the field of lighting design and technology including significant technical mastery, showing the capacity to produce work and solve problems independently.
- o Communicate design and production ideas to collaborators through graphic skills, language and research and the ability to analyze and interpret creative, critical and theoretical works.
- o Demonstrates the practical application of learned methodologies including the ability to communicate ideas, concepts, and requirements in order to successfully fulfill a role related to lighting design for a stage production.

Assessment

- o Instructors in each curricular area review the progress of undergraduate students majoring in the areas annually. As part of this review, faculty assess the effectiveness of the curriculum to meet the department's mission, the needs of the field, and to maintain rigor.
- o Semester reviews with each studio student.
- o Annual reviews of progression towards graduation (including course grade reviews.)

Did you make any revisions to the learning outcomes you copied and pasted from the current academic catalog?

No

Describe how, when, and where these learning outcomes will be assessed.

Describe here:

Identify faculty expectations for students' achievement of each of the stated student learning outcomes. What score, rating, or level of expertise will signify that students have met each outcome? Provide rating rubrics as necessary.

Explain the process that will be implemented to ensure that assessment results are used to improve student learning.

Delivery Method

This program is
available:

On Campus - Students are required to be on campus, they may take some online courses.

Enrollment

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.

No impact.

Budget

Are there budgetary implications for this revision? No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Financial Resources

How does the unit intend to financially support this proposal?

No changes to current operations. ~~The BFA is a professional training program in theatre, and as such it generally includes a mix of small, hands-on courses and larger courses offering history and theory, as well as quite large courses for non-majors. Most of the courses submitted for new consideration or revisions in this set of course revisions are of the smaller nature. We have worked extensively with the College of Fine and Applied to assure a responsible use of departmental resources, to allow us to maintain the integrity of degree programs and, at the same time, operate sustainably.~~

Will the unit need to seek campus or other external resources?

No

Attach letters of support

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc.

No impact.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

Library collections, resources and services are sufficient to support this concentration revision.
