Does this program have inter-departmental administration?

No

Effective Catalog Term

Effective Catalog Term	Fall 2027
Effective Catalog	2027-2028

Proposal Title

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberal Arts and Sciences, include the Graduate College for Grad Programs)

Eliminate the Concentration in Policy, International Trade and Development in the Bachelor of Science in Agricultural & Consumer Economics in the College of Agricultural, Consumer and Environmental Sciences

Does this proposal have any related proposals that will also be revised at this time and the programs depend on each other? Consider Majors, Minors, Concentrations & Joint Programs in your department. Please know that this information is used administratively to move related proposals through workflow efficiently and together as needed. Format your response like the following "This BS proposal (key 567) is related to the Concentration A proposal (key 145)"

This concentration deactivation proposal (Key: 600) is related to the following other concentration deactivation proposals:

- Agricultural & Consumer Economics: Agribusiness Markets & Management, BS (Key: 588)
- Agricultural & Consumer Economics: Consumer Economics & Finance, BS (Key: 598)
- Agricultural & Consumer Economics: Environmental Economics and Policy, BS (Key: 599)
- Agricultural & Consumer Economics: Farm Management, BS (Key: 601)
- Agricultural & Consumer Economics: Finance in Agribusiness, BS (Key: 597)
- Agricultural & Consumer Economics: Financial Planning, BS (Key: 602)
- Agricultural & Consumer Economics: Public Policy and Law, BS (Key: 595)

The deactivation of this concentration is also contingent on the following CIM-P proposals (this concentration shouldn't be deactivated until the following new programs/revisions have been implemented):

- Consumer Economics and Finance, BS (Key: 1370)
- Environmental and Resource Economics and Policy, BS (Key: 1371)
- Financial Planning, BS (Key: 1304)
- Food and Agribusiness Management, BS (Key: 1372)
- Public Policy and Law, BS (Key: 1373)
- Agricultural & Consumer Economics, BS (Key: 74)
- Agricultural & Consumer Economics: Agri-Accounting, BS (Key: 587)
- Agricultural & Consumer Economics: Agricultural and Applied Economics, BS (Key: 1392)
- Agricultural & Consumer Economics, BS and Agricultural & Applied Economics, MAAE (Key: 886)

Program Justification

Provide a brief description, using a numbered item list, of the proposed changes to the program.

We are removing the following concentrations from the ACE major:

- Agribusiness Markets & Management (AMM)
- Consumer Economics & Finance (CEF)
- Environmental Economics & Policy (EEP)
- Farm Management (FM)
- Finance in Agribusiness (FIA)
- Financial Planning (FP)
- Policy, International Trade & Development (PITD)
- Public Policy & Law (PPL)

And turning them into their own majors:

- The Consumer Economics & Finance concentration will become the Consumer Economics and Finance, BS major
- The Financial Planning concentration will become the Financial Planning, BS major
- The Public Policy & Law concentration will become the Public Policy and Law, BS major
- The Environmental Economics & Policy concentration will become the Environmental and Resource Economics and Policy, BS major
- The Agribusiness Markets & Management, Farm Management, Finance in Agribusiness, and Policy, International Trade & Development concentrations will become the Food and Agribusiness Management, BS

However, the Agri-Accounting concentration will remain and we will be adding an Agricultural and Applied Economics concentration.

Provide the reasoning for why each change was necessary, using a corresponding numbered item list as it relates to the brief description numbered list above.

The PITD concentration is being phased out and integrated into the new Food and Agribusiness Management (FAM), BS major to reduce curricular overlap and create a more streamlined and marketable program. While PITD includes unique elements related to international trade and agricultural policy, much of its core coursework overlaps with other concentrations being consolidated, particularly in applied economics, trade, and agribusiness systems.

PITD currently enrolls a small number of students (17), and its content and career pathways, such as global markets, commodity trade, and agricultural policy, will continue to be available through the Global track within the FAM major. Consolidating this concentration supports academic efficiency and creates a clearer, more cohesive set of offerings that reflect student interests and industry needs.

This restructuring is a strategic response to evolving student demographics and employer expectations, where students are increasingly seeking interdisciplinary programs that prepare them for careers in global agribusiness, food systems, and trade policy. This change also aligns with broader departmental goals: to simplify advising, reduce redundancy in course offerings, and present a clearer academic identity to prospective students and employers. The FAM major, with its structured tracks, maintains the rigor of the PITD curriculum while improving clarity and flexibility for students preparing for careers in international agribusiness and food systems.

Last 5 years of PITD enrollment:

FA25: 16

FA24: 17

FA23: 21

FA22: 21

FA21: 23

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program? If Yes is selected, indicate the appropriate courses and attach the letter of support/acknowledgement.

Yes

Courses outside of the sponsoring department/interdisciplinary departments:

ECON 103 - Macroeconomic Principles

CS 105 - Intro Computing: Non-Tech

MATH 220 - Calculus

MATH 221 - Calculus I

MATH 234 - Calculus for Business I

ACCY 201 - Accounting and Accountancy I

CMN 101 - Public Speaking

ALEC 115 - Talk About Food, Ag, Env

CMN 111 - Oral & Written Comm I

CMN 112 - Oral & Written Comm II

ECON 452 - The Latin American Economies

Please attach any letters of support/acknowledgement for any

Catalog Page Overview Text

Statement for
Programs of Study
Catalog

~~Graduation Requirements~~ Graduation Requirements

Minimum hours required for graduation: 126 hours.

University Requirements

Minimum of 40 hours of upper-division coursework, generally at the 300 and 400 level. These hours can be drawn from all elements of the degree. Students should consult their academic advisor for additional guidance in fulfilling this requirement.

The university and residency requirements can be found in the Student Code (§ 3-801) and in the Academic Catalog.

General Education Requirements

Follows the campus General Education (Gen Ed) requirements. Some Gen Ed requirements may be met by courses required and/or electives in the program.

Composition I	4-6
Advanced Composition	3
Humanities & the Arts (6 hours)	6
Natural Sciences & Technology (6 hours)	6

Social & Behavioral Sciences (6 hours)	6	
fulfilled by ACE 100 , ECON 103 , ACE 251 , and two other courses approved as Social and Behavioral Sciences		
Cultural Studies: Non-Western Cultures (1 course)	3	
fulfilled by ACE 251		
Cultural Studies: U.S. Minority Cultures (1 course)	3	
Cultural Studies: Western/Comparative Cultures (1 course)	3	
Quantitative Reasoning (2 courses, at least one course must be Quantitative Reasoning I)	6-8	
fulfilled by MATH 220 , MATH 221 , or MATH 234 ; and ACE 262		
Language Requirement (Completion of the third semester or equivalent of a language other than English is required)	0-15	
Department Foundation		
ACE 123	Introduction to ACE	2
ACE 100	Introduction to Applied Microeconomics	4
ECON 103	Macroeconomic Principles	3
ACE 161	Computer Concepts & Applications	3
or CS 105	Intro Computing: Non-Tech	
Calculus Option - Select one of the following:	4	
MATH 220	Calculus	
MATH 221	Calculus I	
MATH 234	Calculus for Business I	
ACCY 201	Accounting and Accountancy I	3
ACE 262	Applied Statistical Methods and Data Analytics I	3
ACE 264	Applied Statistical Methods & Data Analytics 2	3
Communication Option	3 or 6	
CMN 101	Public Speaking	
ALEC 115	Let's Talk about Food, Agriculture, and the Environment	
CMN 111 & CMN 112	Oral & Written Comm I and Oral & Written Comm II	

<u>Minimum of 6 additional hours of Social & Behavioral Sciences</u>		6
<u>ACE 341</u>	Careers and Professionalism	1 or 2
<u>ACE 300</u>	Intermediate Applied Microeconomics	3
ACE International Course or Study Abroad Experience Option - Select one of the following:		3
<u>ACE 411</u>	Environment and Development	
<u>ACE 435</u>	Global Agribusiness Management	
<u>ACE 436</u>	International Business Immersion	
<u>ACE 451</u>	Agriculture in Intl Dev	
<u>ACE 452</u>	The Latin American Economies	
<u>ACE 455</u>	International Trade in Food and Agriculture	
Policy, International Trade & Development Concentration		15
<u>ACE 251</u>	The World Food Economy	3
<u>ACE 455</u>	International Trade in Food and Agriculture	3
<u>ACE 456</u>	Agricultural and Food Policies	3
Advanced Policy, International Trade & Development Option - Select two of the following:		6
<u>ACE 410</u>	Energy Economics and Policy	
<u>ACE 411</u>	Environment and Development	
<u>ACE 451</u>	Agriculture in Intl Dev	
<u>ECON 452</u>	The Latin American Economies	
Minimum hours in the College of ACES, 20 of which must be in the Department of ACE		35
Total Hours		126

Program Relationships

Agricultural & Consumer Economics, BS

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

Student Learning Outcomes

ACE students will acquire broad and deep knowledge of Agricultural and Consumer Economics.

ACE students will develop a critical and reflective orientation toward global systems (such as natural, environmental, social, cultural, economic, and political) and cultural differences (such as race, indigeneity, gender, class, sexuality, language, and disability).

ACE students will develop critical thinking and problem solving skills.

ACE students will develop their ability to communicate in a variety of settings.

ACE students will build and sustain productive relationships to be effective leaders who can respond to civic and social challenges at local, national, and global levels, creating positive change in their communities.

Understand domestic and global challenges related to food production, development, and the environment. Learn how to use economics to evaluate policy responses to these challenges.

Develop analytical skills to evaluate data and quantify relationships between policy, trade, food production, environmental outcomes, and human well-being.

Describe how, when, and where these learning outcomes will be assessed.

Describe here:

Identify faculty expectations for students' achievement of each of the stated student learning outcomes. What score, rating, or level of expertise will signify that students have met each outcome? Provide rating rubrics as necessary.

Explain the process that will be implemented to ensure that assessment results are used to improve student learning.

Program

Description and

Requirements

Delivery Method

This program is
available:

On Campus - Students are required to be on campus, they may take some online courses.

Enrollment

List the prerequisites including course titles and number of credit hours for each prerequisite course, and whether or not these prerequisites count in the total hours required for the minor.

Phase Down/Elimination Enrollment

Does this program Yes
currently have
enrollment?

If so, what is the
anticipated term of
completion?

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.

This change may cause a slight short-term decline in enrollment and degrees awarded within the ACE major, but the goal is for most students to shift to the new FAM, BS. Phasing out the PITD concentration will impact approximately 17 students, as it is one of the smallest concentrations in ACE.

The FAM major includes a Global track that preserves much of the PITD curriculum and career focus in international trade and policy. However, some prospective students seeking a specialized policy or trade program may not immediately recognize this option, which poses a modest enrollment risk. This risk can be minimized through targeted marketing and advising to highlight the Global track's relevance and opportunities.

All students currently enrolled in the affected concentrations will be allowed to complete their degrees under existing requirements. No student will be required to change majors or concentrations. These concentrations will be closed to new students beginning with the Fall 2027 application cycle, after which students will be directed to the five new majors. Specifically, for students interested in this concentration, they would be directed towards the new FAM, BS major.

The anticipated term of completion for this program is Fall 2031 at the earliest.

Number of Students in Program (estimate)

Year One Estimate

5th Year Estimate (or when fully implemented)

Budget

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Additional Budget Information

Attach File(s)

Financial Resources

How does the unit intend to financially support this proposal?

Will the unit need to seek campus or other external resources?

No

Attach letters of support

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc.

Because this concentration is being repurposed into a new major, faculty teaching load, class sizes, student-faculty ratios, etc. will remain roughly the same.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

After consulting with Sarah Williams, the proposal to transition from a concentration to a major will have no impact on the University Library's resources. Current library resources are sufficient to cover the requirements of this transition. No new or additional resources will be necessary to support this transition.
