

Proposed Amendment to GP.11.03

Add the following paragraph in sentences to the existing text in item 3 “Organization:”

“IGB will not serve as a “tenure home” as defined in the *University Statutes* Article VIII, Section 1, paragraph b. All of the faculty associated with the Institute for Genomic Biology hold tenure-track or tenured appointments in other existing academic units. If at any future time it should become desirable for IGB to function as a “tenure home,” then the procedures outlined in Article VIII, Section 3 (“Formation of New Units”) will be followed.”
