Nancy Cantor, Chancellor
University of Illinois, Urbana-Champaign

August 29, 2001

Dear Chancellor Cantor,

The CCG recommends changes to the wording of Rule 8.5 section C:

CG 01.04

If the student completes the assessment, the results of the assessment ~~conducted under subsection B4~~ and the fact that an assessment was conducted are confidential medical information and may not be disclosed without consent of the student and may not form the basis of a disciplinary proceeding or any other sanction imposed by the University. However, if the student fails to complete the assessment, this fact is not confidential medical information, and If the student fails to complete the assessment, the Director may disclose that fact to the Dean of Students, who may in turn inform other responsible parties (see Rules 11.E.8 and 62).

We consider this a clarification more than a change in policy. This wording reflects current university policy, and we want students to have an accurate understanding of the potential consequences of not undergoing a mandated assessment.

Nicholas C. Burbules
Chair, Conference on Conduct Governance

cc: Robert Fossum, Chair, Senate Council
